THE BOYS OF THE OLD BRIGADE

The aggregate age of this group, snapped at the dinner given by North Grimsby Township Council to honour Thomas Allan, recently retired as clerk and treasurer after 50 years in municipal life, is 419 years. Every one long active in the fruit-growing business, they are, from the left, front, William Mitchell, 82, member of North Grimsby Council, and with a total of 54 years of municipal service; Thomas Allan, 86, first elected to council in 1898, warden of Lincoln County in 1909, and township clerk since 1912; back row, C. W. F. Carpenter, 82, William F. Geddes, 82, and Egbert Smith, 87, of Saltfleet Township.

DREW ASSAILS JOLLIFFE FOR SLANDERING THE PROVINCIALS

"Some People Just Never Seem To Learn From Experience As He Failed When He Made Similar Charges Three Years Ago"—Crowded House Hears Premier Give Fine Address In Opening Gun Of Election Campaign.

The Hon. Charles Daley, ex-mayor of St. Catharines, and the present Minister of Labor, in the cabinet of Premier George Drew, was unanimously chosen as the Progressive Conservative candidate for Lincoln in the forthcoming June 7th Provincial election. Mr. Daley's nomination was moved by Romaine K. Ross, Reeve of Port Dalhousie, in a packed Community Hall in Beamsville on Thursday night of last week. The motion was seconded by George Shepherd of Beamsville.

Romaine K. Ross in his lengthy address to the large gathering, gave a graphic summary of the time-tested work of Mr. Daley, not only covering his many years in office in St. Catharines, but also the truly outstanding job the candidate has accomplished while serving with the Hon. George Drew's cabinet as Minister of Labor.

Following the acceptance of Mr. Daley, President J. R. Stork called for nomination of officers for the Progressive Conservative Association. Mr. Stork was re-elected as President and L. C. Forrester was again placed in office as secretary-treasurer, an office he has filled capably for many years.

Mr. Daley then addressed the large gathering, his remarks touching on various phases of the work done by the present Drew Cabinet. "I am thankful for the confidence shown in me during the past five years from this County, and I trust that my actions in the future will continue to meet with your approval."

"Our government is a happy government, with members working together as a team. We have worked through two years of war, and another three years of transition. We have never faltered or failed in our main object of bringing Ontario to the fore, and have made an outstanding contribution to the Dominion."

Mr. Daley spoke at some length on the "working of the Labour Unions." "For the most part they (Continued on Page 10)

DEDICATED TO OTTAWA

Blessings on thee little man,
Barefoot boy with cheek of tan,
Trudging down a dusty lane,
With no thought of future pain,
You're our one and only bet,
To absorb the national debt.

Little man with cares so few,
We've a lot of faith in you,
Guard each merry whistled tune,
You are apt to need it soon,
Have your fun while yet you can,
You may be a barefoot man.

—Newsweek.

CELEBRATED ANNIVERSARY

Grimsby Lions Club Is Now 10 Years Old—Chevrons Presented To 20 Year And 10 Year Members—"Sandy" Globe Announces That Department Of Health Has Approved Nelles Site For Hospital.

To around twenty charter members of the Grimsby Lions Club, ten years have gone by rather quickly. And so it was with considerable dismay that these members found themselves along with many more recent additions to the Club, celebrating the tenth birthday party of this service club, whose outstanding record of achievement is without parallel.

It was in April, 1933, that the new Club received its Charter, following a period of organization, in which Bruce Malcolm played an important role. However, it was the people who played an even bigger role, for it was their decision that if Grimsby were to have a much-needed service club then it would be a Lions Club. Their confidence in Lionism has paid dividends, for in their first ten years of operation, the Grimsby Lions have established themselves as a sound organization, promoting the health, welfare and general betterment of the district in which they operate.

The close co-operation between members is probably the main reason for the fine record the Club has given in the line of social service. Actual figures speak for themselves, and the financial progress covering the ten year span may be found on page one of this issue. Read it.

At the head table were most of the past presidents of the Club, including the first President, Brigadier Gordon A. Sinclair, E.D., O.B.E., who was the guest speaker, and whose address concludes this article. Chairman was Hugh A. Campbell, another past President. Lon Campbell likened the progress of the Club by referring to one of their first advances in Lionism in this area, when the Grimsby Club sponsored the Beamsville Club in 1939. Now that Club is another of a great chain of service clubs, and have just recently had the pleasure of sponsoring another Club—the Jordan Lions.

Deputy District Governor P. V. Smith had this to say about Lionism, and the Grimsby Club, of (Continued on Page 5)

BOYS WANTED TO SEE WHAT WOULD HAPPEN

Percy Mason, of Grimsby, was credited by police Monday night with preventing what could easily have been a serious railway accident.

Crossing the tracks as a Canadian National passenger train was approaching, he sighted two tie-plats lying across one of the rails. After removal of the obstacles, he found two young boys sitting beside the track, "just waiting to see what would happen."

Chief Constable W. W. Turner, following investigation, said the two youngsters, having no idea of possible consequences, had placed the tie-plats on the rail wanting to see what would happen when the train hit them.

GUEST SPEAKER

Brigadier (Dr.) Gordon A. Sinclair, E.D., O.B.E., of Toronto, former Grimsby resident, the first president of the Grimsby Lions Club, who was guest speaker on Tuesday evening when the club celebrated its 10th birthday.

CONSERVATIVE STANDARD BEARER FOR LINCOLN

Hon. Charles "Tod" Daley, Minister of Labour in the Drew Government, who was given an unanimous nomination by the Progressive Conservatives at a tremendous and rousing nomination meeting in Beamsville on Thursday night last.

Celebrate Birthday

Here are some salient facts about Grimsby Lions Club as taken from the Lions Bulletin. The Club members at their dinner meeting on Tuesday night celebrated their 10th anniversary and as the figures below will show they have accomplished plenty for the community in that space of time.

OUR FINANCES MARCH, 1938, TO APRIL, 1948

Total funds raised through outside activities, i.e. carnivals, etc.	\$ 19,923.00
Total expenditures by way of donations and sponsored activities	15,211.00
Included in the above expenditures are the following:	
Boys and Girls	\$ 4,817.00
Blind and Sight Conservation	1,028.00

EFFICIENT HEALTH SERVICES PROVIDED IN COUNTY SCHOOLS

DALEY'S LAWN MOWERS ARE NOW HUMMING

Biggest Grass Cutting Job In Canada Has Commenced For The Season—50 Men Employed.

Springtime, among other things, heralds, for average Mr. Citizen, the resumption of that laborious and usually distasteful job—mowing the lawn.

But, if it affords any comfort and encouragement for the average householder, a staff of 50 men have commenced their daily summer routine job of mowing and trimming some 1,400 acres of lawns and parkways in the Niagara Parks Commission system.

In what is probably Canada's largest single grass cutting job, billions of blades of grass will be felled in the next five months by manual and tractor mowers.

Ontario's Niagara Parks system under the Chairmanship of Labour Minister Charles Daley, is one of America's most completely maintained parks system. Extending from Port Erie to Niagara-on-the-Lake, the lawns and gardens are internationally famous for their well kept and attractive appearance.

From The Kindergarten To Last Class In Secondary School Children Are Protected—Lincoln Health Unit Has Most Complete Program In The Province.

(By Dr. D. V. Curry, M. O. H.) Modern school health has been used for the past fifty years, and it was commenced because it was found that many school pupils were suffering from preventive illness, which caused much loss of school time. It was found also that pupils excluded from school on account of illness were not always seen by a physician. Today we not only try to control communicable diseases among the pupils, but we attempt to find physical, emotional or dental defects in their early stages and have them corrected. There are some 101 schools in the County of Lincoln at each of which a Medical Officer from the Unit examines the pupils periodically, usually twice during their elementary school life. At the first examination the parent should be present, as if defects are found by the examiner they may be discussed with the parent. If the parent is not going to be present, a consent form is necessary for the pupil to be examined; in these cases if a defect is found a form is sent home with the pupil.

The St. Catharines—Lincoln Health Unit is justly proud of the (Continued on Page 9)

OBJECTIONS TO ASSESSMENTS

Residents On Aitchison Terrace Claim That Percentages For Sewer, Water And Sidewalk Construction Were All Out Of Proportion To Percentages Fixed For Same Type Of Work In Past Years.

It was a very full Council Chamber that greeted Mayor Bull Reeve Hewitt and Councillor Constable, sitting as a Court of Revision, on Friday night last. The Court were to deal with appeals from the assessment, if any, on the construction of sewers, sidewalks and watermains in the new Aitchison Terrace Survey. The people present to protest against the assessment for this work, as made by Engineer Ure, were the residents and property owners on the survey.

Earl J. Marsh acting as spokesman for the owners stated that he did not believe that Town Council, when they passed the bylaw authorizing this construction work had any idea that the assessment would be made on the basis that it had been made.

Engineer Ure explained that he had made the assessment according to the Municipal Act as he was not aware of any bylaws having been passed setting a different basis for the assessment.

In Grimsby the construction of sidewalk has always been on a 40 per cent assessment to the owner and 60 per cent paid by the town at large. Sidewalks on the Kingsway boulevard had been assessed 86 per cent against the property and 14 per cent against the corporation.

Never at any time has the construction of watermains been assessed against the property, the whole cost being borne by the town as a whole as the waterworks system is a continuous revenue producer. In the case of Kingsway boulevard the work was charged 75 per cent against the property and 25 per cent against the town. For the Kingsway extension Melrose and Roslyn avenues the percentages were 80 and 20.

When sewers were first installed in Grimsby it was on a 70-30 basis as were the extensions that have been made since. The sewers laid on Kingsway boulevard in 1945 were at 86-14 per cent. The Kingsway extension and Melrose and Roslyn avenue sewers were based on a 79-21 percentage.

After listening to the story and figures of the complainants which were concurred in by Clerk Bourne and Engineer Ure, the Court was in a quandary as to just what they could do about the matter as the construction bylaw had been passed without any assessment figures contained therein and naturally the engineer took the percentages as laid down in the Municipal Act.

On suggestion of Mayor Bull the Court passed a resolution that Clerk Bourne confer with the Town Solicitor as to the proper procedure to pursue in order to change the bylaws and thus rectify the assessment percentages. This was agreeable to the property owners and no doubt the matter will be reasonably adjusted.

MILLIONS OF BOXES FOR THE BERRY CROP

Canada Wood Products Ltd., Manufacture Untold Quantities And Still Import 2,500,000.

The first shipment of a proposed two million five hundred thousand quart berry boxes has arrived here. The metal-rimmed boxes are standard size, and feature the metal rim on the top of the container.

The boxes are manufactured in Virginia, and have been imported to Canada by the Canada Wood Products Ltd.

The demand for these containers, of course, depends on what the weather man does to this year's strawberry crop, for it is for this fruit that the majority of the supply of quart boxes is utilized.

Aside from this supply of American manufactured containers, Canada Wood Products also manufacture vast numbers of their own in any of the three plants now in operation and capable of turning out the boxes. The crates are all manufactured by Canada Wood Products.

FACTS & FANCIES

Frank Fairborn, Jr.

MOTHER'S DAY

Sunday is Mother's Day, one of the most popular and worthy of the many celebrations arranged for special occasions throughout the calendar year. Even the cynics have to admit the merit of Mother's Day, though, of course, they have plenty to say about its so-called "commercial" aspects.

Boys and girls are perfectly free to act as they choose about the buying of presents for their mothers in order to mark the occasion; the giving of gifts is by no means the most important consideration.

What is of real importance is the giving of one's affection, which, though costs nothing in money, is the most acceptable and precious thing which any mother could desire of her child. If that demonstration of affection is accompanied by some appropriate evidence in tangible form—a flower, a card, or some simple keepsake—so much the better.

There is no one so poor as to be unable to make a display of his or her gratitude and love in some way or other on this second Sunday in May, which is annually dedicated to that special purpose.

Love of one's mother is the most natural thing in the world. The love which a mother lavishes on her offspring demands a devoted return of such affection. The fiercest and most rapacious of animals show a wonderful spirit self-sacrifice in the tender care of their young, but in their case it is only a passing phase.

The human mother, on the other hand continues to cherish her son or daughter throughout life. But, of course, her devotion is most marked in the earliest years, from the helpless little infant in arms, up through the long and gradual process of development, till the adult, self-dependent stage is arrived at.

We owe all we are to our mothers, and should be eager to acknowledge the debt.

It should be remembered, too, that one's mother, after the never-failing help and encouragement, the patient self-denial and loving trust she has always lavished on the upbringing of her child, expects and is fully entitled to expect, satisfactory results. Let her expectations not be disappointed.

We owe it to ourselves as well as to her to live worthy lives and try our best to be a credit to her and to the faith she has in us. If upon Mother's Day all young people would resolve to live up to that objective, what a blessing it would be to humanity at large as well as the individuals concerned!

MR. DALEY NOMINATED

There could hardly have been anything else than the unanimity of nomination for Hon. "Tod" Daley by the Progressive Conservatives at Beamsville last night. Outside entirely of the fine record of Mr. Daley as Minister of Labor in a period which has been most difficult, he has given splendid representation to this wide constituency of Lincoln County and has never forgotten for one moment the interests of the city and county.

There is ever a public occasion of importance not graced by the presence of the Minister of Labor for Ontario and embellished by his speech in the best of traditions. It remained for his chief, Premier Drew, to pay Mr. Daley handsome, spontaneous and well deserved tribute as a member of his Cabinet.

Much has been said about the antagonism and breach between the provincial and federal governments. Not enough has been said of the accomplished fact that Hon. Charles Daley introduced and put through the Legislature a bill which makes the Dominion labor code applicable to Ontario, thus making for uniformity.

In the biggest industrial province of the Dominion it is highly important that both labor and management have the one set of rules, and that there be no conflict in jurisdiction between province and Dominion. In other words, they all know where they are at.

The Premier explained all this, stating that while the Dominion code might have

some defects, it was believed that in its final form it would be satisfactory in most respects.

The Premier certainly excoriated E. B. Jolliffe, C.C.F. leader, for having slandered the provincial police, in describing them as "blacklegs." There is a Muscovite touch in tactics of that kind. The provincial police are sworn to guard the security and safety of the people and they have seen actual combat with the enemy in war, either First or Second Great Wars. They have proved their loyalty and sense of duty and yet they have been given a slanderous and offensive name by a reputed leader of a political organization who was himself repudiated and discredited, for the same kind of tactics three years ago, by the people of this province.

No matter how fine a citizen and candidate the C.C.F. may choose for Lincoln County, that candidate is behind the eight ball right from the start by the fly-by-night opportunism which characterizes the leadership of the C.C.F.

Lincoln County can do no better than re-elect Hon. Charles Daley.

GOLDEN ANNIVERSARY

Founded in 1897 by Lady Aberdeen, the Victorian Order of Nurses has celebrated its golden anniversary after fifty years of magnificent service to Canada.

It was an infant organization in 1898 when its nurses joined in the long trek to the Yukon and carried their healing ministry to the north with the gold-seekers. Another highlight in the Order's story is the work of its members, years later, in the Halifax disaster.

Less spectacular but no less valuable is the daily work of the 500 nurses from the 104 branches spread across Canada from coast to coast. They make nearly a million visits a year—40 per cent to maternity cases, 50 per cent for medical and surgical care in the home, and the rest for health supervision.

On the foundations which were laid in 1897, a great organization has been raised. It has earned the respect and admiration of the Canadian people as it looks forward to more branches, more nurses and increased service in the next fifty years.

THERE IS MAGIC IN THE POWER OF SEED

One of nature's miracles that has mankind lost in wonderment as springtime clothes the earth in greens is the mystery of the seed. A man may hold in his hand a collection of the tiny, fragile things. Yet locked in each one is the secret of life.

Here are flower seeds, seemingly insignificant and valueless, enfolding beauty like hidden jewels, whose maturity will be more beautifully arrayed than Solomon in all his glory.

Here is an apple seed in which the magnification can build a complex, many-grained tree, sweet-smelling apple blossoms and whatever fruit the magic seed happens to hold captive in its tiny envelope.

That is just part of the wonder of a seed.

"ALL THE NATIONS THAT FORGOT GOD"

By Lewis Milligan

"Pride goeth before a fall, and a haughty spirit before destruction." That Scripture was never more tragically fulfilled than in the case of modern Germany. The devastation of German cities and the utter hopelessness of the German people today present a picture of dreadful contrast to that of the pompous magnificence and swaggering assurance of Nazi Germany.

But that pride and arrogance did not begin with Hitler; he merely revived them in their crudest form. They began with Bismarck and rose to their height with the uniting of the German states in an Empire after the Franco-Prussian War of 1870. The sweeping victory over France went to the Prussian's head and he strutted before the world as a mighty conqueror.

Richard Whiteing, in his autobiography published in 1915, recalls his first visit to Berlin in the 'eighties. "The German," he says, "was now to realize himself, in a sort of patriotic brag, as the heir of all the ages, and as the chosen one of the scheme of Providence, for the shaping of the human spirit. He was now to flower into the ruler rather than the mere citizen of the world... a being quite apart from the evolution of the race, with Prussia for its hard core."

"Pride in their port, defiance in their eye, I see the lords of human kind pass by."

That, says Mr. Whiteing, was no longer a poetical figure. "The military heroes reeked of self-sufficiency, from the officer of the guard to the humblest captain of a marching regiment." Everything and everybody seemed to be "machine-made." Mr. Whiteing was one day calling on an old friend in a public office when his chief entered the room: "My friend, who was quite on the same social level, immediately sprang to his feet with the salute, and began every phrase with a 'ja, Herr Direktor,' or a 'nein Herr Direktor,' which, in any other country, would have been rather out of place between an office boy and a Prime Minister." When the Kaiser took his daily drive in Unter den Linden he was hailed at a distance by "a raucous shout that brought out the whole guard to seize their rifles, stacked for the salute. The Kaiser seemed a pathetic figure, as the only being in all his dominions without a superior entitled to a kowtow."

That is a picture of the pride that went before the fall of the Kaiser. We are well ac-

Don't forget Mother on Sunday.

Tom Warner has a new slogan: "I'm Poor But Happy."

Vote Daley and Drew and be proud of the fact that you live in Lincoln and Ontario.

High School Principal Don Awde uptown in his farmer's garb, including rubber boots.

Two Old Timers from Beamsville taking in the sights of the Big Town; Jack Dawe and "Punk" Walker.

I wonder how Throckmorton Jarvis accumulated such a tremendous pile of brush and debris on such a small lot. Maybe the neighbors helped.

Do YOU want to be absolutely sure of going to Heaven? Well, here is the recipe: Revere Your God; Honor Your King and Vote the Conservative Party.

There were 161 nice things about that big Conservative meeting held in Beamsville last Thursday night, but the nicest of them all was Mrs. "Pep" Shepherd.

There seemed to be a lot of excitement on Friday and Saturday of last week over the fact that the Editor of The Independent was all dolled up like a lighthouse.

This columnist paid a visit to the County Town last week, also to the County Building. County Clerk "Bill" Millward has certainly succeeded in having the old building all dressed up and modernized.

Livingston Avenue has an agriculturalist in the person of Walter Grossmith, who will, if he keeps on, outdo the Ontario Agricultural College. On his small town lot he has planted every breed of vegetable known to mankind. When harvest time comes he will have about one specimen of every breed.

Not only can a maple bud grow into a huge, shade-bestowing tree—but it can grow into any one of many different kinds of maple.

How does nature do it? How does she lock into these tiny capsules their surging life that can soar into a stately elm; that can pour out in vine and tree the abundance of nut, fruit and berry; that can be-jewel the dark earth with the miraculous loveliness that we call a flower? Why even the perfume of a

flower is tightly held in its seed!

Scientists may talk learnedly of mutations and genes and other characteristics of seed; but when they come down to explaining growth, we are reminded of the little boy who asked his mother why tomato seeds grew to tomato worms as well as tomatoes. Their bewilderment, though different, is at least equal to his.

As for ourselves, we prefer just to let our sense of wonder shake us as we inhale the fragrance of a flower. It is good for a man to recapture occasionally that sense of the magic of life which is the heritage of childhood.

'WAY BACK WHEN

Frank Fairborn, Jr.

LOST—One perfectly good fire department, with Hook and Ladder Wagon and new lantern.

Search as I might through the old minute book I can find no trace of The Forty fire brigade from the last recording of their meeting in November, 1898, until a public meeting is called for Thursday, Sept. 5th, 1878, in the Town Hall, for the purpose of forming a fire department. What became of the Boys of The Old Brigade I do not know. Suffice to say they were apparently lost for ten years and to the best of my knowledge the hamlet was without a fire fighting force. In the interim, the hamlet became in February, 1876, the Incorporated Village of Grimsby.

At this September meeting '78, B. R. Nelles acted as chairman and Wm. Forbes, secretary and volunteers were called for to hand in their names, as wishing to become members of the department. The following men joined the brigade that night, H. H. Anderson, Wm. King, Isaac Lewis, Orric Neale, J. H. Grout, Samuel Mabey, Delos VanDyke, J. W. Duval, James Brodie, George Hughes, B. R. Nelles, Ham. House, J. K. Duval, Jno. Palmer, T. J. Farrell, Wm. Forbes. Meeting adjourned to meet on Monday, Sept. 9th, for practice, to receive additional members and elect officers.

Brigade met as per adjournment and the following men joined the force, Theron VanDyke, James Noskes, E. C. Randall, Geo. Lockington, W. H. McLaren, Wm. Bingle, A. B. Randall, John Oakley, Ed. Burns, Ernest Hill, Wm. Drake, Arthur VanDyke, Walter Hill, Geo. S. VanDyke, Nelson Teeter, Wm. Snyder John McLean, J. Harvey Teeter. Of all the men named in these two lists there is not one of them living today. The following officers were elected, Delos VanDyke, Captain; Jno. W. Duval, 1st Lieut.; Sam. Mabey, 2nd Lieut.; E. C. Randall, Sec.-Treas. No mention is made of the Stewards that had been part of the official list in the old company. Oh, yes, Jno. K. Duval was elected engineer. I still don't know what they needed an engineer for.

Back in '68, I told you that an unsuccessful effort was made to purchase a fire engine. Apparently the engine was purchased in 1878, although I can find no record of it, but at the meeting of the fire company on Sept. 27, that year, the Capt., 1st Lieut. and 2nd Lieut. were appointed a committee to select the best man in the brigade to man the hose reel. Apparently there were spies at large in the "Willage" in the old days, for at this meeting a special man was appointed to scrutinize all persons that entered the meeting room to make sure that they were members of the company. Dirty work on foot.

First Lieut. John Duval must have been lax in his duties for at the meeting held on February 3rd, 1879, a committee was appointed to inquire into the absence of the officer. This committee at the next meeting in March was dismissed for non-performance of duty. Probably they couldn't find John. At the April meeting ways and means were discussed for the holding of a Mammoth Celebration and general whoop-de-boop on the Queen's Birthday. Once again a committee was appointed to solicit subscriptions. At this meeting John H. Grout suggested that the secretary be a committee to interview the fire committee of the village council re the purchase of a fire alarm, a gong for the engine, a trumpet for the Captain and grease for the hook and ladder wagon.

At the June 1st meeting the committee in charge of the Queen's Birthday celebration reported that a good time was had by all but that after all expenses were paid they only cleared \$15.07. Grimsby Brass Band were highly congratulated upon their excellent playing at the celebration. A short meeting of the company was held on July 7th, but not a word is mentioned in the minutes of the disastrous fire that occurred on the morning of June 20th, which completely destroyed the implements works of John H. Grout Co. which was located at the corner of Mountain and Elm Sts. where the Baptist church now stands. The August meeting was a short one but on Sept. 1st a committee reported that they had salvaged the following useful materials from the May celebration, which could be used again, two pieces of scantling, nine paper masks, six socks, two dozen flags. Nothing like frugality. Apparatus was all reported in good shape. Election of officers found Wm. Forbes again at the helm as Captain.

At the October meeting some one conceived the happy idea of running a "wet" excursion to Niagara Falls, but the matter was laid over until the next year. A motion was passed to purchase a trumpet for the Captain from the W. H. Wilson Co. of New York at a cost of 4.50. (This trumpet is still in the possession of the firemen.) At some fire celebration or trip to the city, some of the officers of the company must have lost their way, for a motion was passed that a committee be appointed to purchase distinctive badges for the use of the officers.

Once again a committee is appointed to solicit subscriptions. J. Harvey Teeter and Jimmy Noskes were insubordinate to an officer at a call out of the brigade on September 14th and as a result they were notified to appear at special meeting to be held on October 14th, to consider their case. When the "court martial" was held a lot of words were bandied about and finally the charge was dropped, but nevertheless, J. Harvey Teeter resigned.

Clang! Clang! Clang!!! There goes the fire bell now. Can't even write about fires without one starting. There goes Chief LePage and his little red wagon. The office nuisance reports that there is a fire on the Mountain.

SPRING TAILLEUR

By PRUNELLA WOOD

THERE might be a bluebirdrevving up around the
corner these days, and that means it's time to pick up a spring
suit before somebody else gets all the best bets. We like this
simple softly tailored suit of pedigreed gabardine, with its
boxy bolero jacket of new longer length to meld with the flared
and longer new-look skirt.

To complete the gesture oward spring, the designer
has provided the suit in such crous shades as beige, pale gold,
gentian blue, lilac, darker blue, and pastel pink.

8. To help make the gravy use a
small mixing bowl for the paste.
Measure 3 tablespoons of flour in-
to it. Make a hole in the centre and
add about 1/2 cup of cold water
slowly as you stir to make a
smooth paste. Press out any lumps
and add more water if too thick.
Now it is ready for mother to stir
quickly into the hot meat juices.

9. If you help to drain the veg-
etables, put a sieve in another pan
and using a pot holder to hold the
saucepan handle, pour them into
the sieve.

10. To fill the tumblers from a
big pitcher, place a small towel in
the left hand on the bowl of the jug
and tip it with the right hand
placed low on the handle. No spills
this way.

11. Chairs should be placed in po-
sition before hot food is on the ta-
ble. The seat of the chair should
touch the side of the cloth unless
the diningroom is too small for the
people to move behind the chairs.

TAKE A TIP

Washing Dishes

1. Use hot water and ammonia.
Wash glasses, then silver, rinse,
then dry. Do not force towels into
glasses; polish silver until dry, but
do not rub knife blades or fork
tines into towelings.

2. Empty out ammonia water.
Use the hot rinse water in dish pan
with mild soap for washing china.
Rinse china and drain on towels in
wire rack to reduce chance of chip-
ping edges. Dry and put away care-
fully.

3. Any cooking utensils should
be soaked before you begin dish-
washing. Fill egg, meat, fish, dough
dishes with clear cold water to cut
fat.

4. Use dish cloths and towels for
dishes only, not as stove cloths.
Wash and rinse in a small amount
of fresh water. Wring dry. Stretch
and hang separately.

5. Wipe out dish pan and clean
sink with a fine cleaning powder.
For making Jam or Jelly:

1. Prepare small quantities at a
time.

2. Fruit should not be over-ripe.

3. To prepare fruit, wash and cut
finely or mash.

4. Make accurate measurements and
time exactly.

5. Heat fruit slowly to extract the
juice. Stir frequently, using a
wooden spoon.

6. Heat containers before filling.
Cool and seal.

THE QUESTION BOX

Miss T. R. asks: How to clean
surface of electric stove.

Answer: Use a clean piece of
cheesecloth. Dampen it and use
baking soda to clean white enamel.
Rub closed elements (on Off posi-
tion) with a piece of waxed paper.
Brush any charred food out of open
elements (switch turned Off) with
fine whisk.

Miss F. S. E. asks: What is the
best method of cleaning a stained
aluminum roast pan?

Answer: Remove charred food
by leaving dry pan in warm oven
and then rub with steel wool. Place
the pan on end in a dishpan of
strong vinegar and water. Bring to
a boil. Turn it to bleach the other
end of the pan and boil for five
minutes longer.

Note: Soda, lye or strong soaps
will darken aluminum.

Anne Allan invites you to write

ent, Grimsby, Ontario. Send in your
suggestions on homemaking prob-
lems and watch this column for re-
plies.

Greenbacks have a way of caus-
ing much green-eyed envy.

Wife Preservers

If you haven't quite enough French
dressing for the salad you are preparing,
add fruit juice to it. This "stretches" the
dressing and also adds a distinctive
flavor.

THE MIXING BOWL

By Anne Allan
HYDRO HOME ECONOMIST

Hello Girls! Mother may not
approve of your suggestions for
helping her on Mother's Day un-
less you are "in the know". Do you
know how to set the dinner table
properly? For instance, if the din-
ner consists of soup, meat, potatoes
and vegetables, bread and butter.
The procedure is simple.

1. Take a tray to the dish cup-small plate parallel to the edge of
board and collect knives, forks, spoons, butter spreaders, butter-
right of the teaspoon.

2. Place tray on one corner of
covered table and with knives in
right hand and forks in left, place
them on a inch from the edge of
the table and about ten inches
apart, with the tines of the fork
turned up and the blades of knife
towards the plate. Make the rounds
again with the teaspoons in right
hand and small forks in the left
and lay them on outside of the silver
at the cover. The carving set should
be in position on either side of the
platter space with gravy spoon and
butter knife parallel above this
space.

The serving spoons, salts and
peppers belong close to the centre
at convenient places, while the sug-
ar spoon is left near mother's plate.
Leave the butter knives and soup
spoons in a pile on the table while
you get the china.

3. Collect the bread and butter
plates, tumblers, cups and saucers,
cream and sugar and be ambidex-

trous again as you place the plates
the upper left hand corner above
each fork, and the tumblers an inch
above the point of the knives.

4. From the linen drawer take
the cream and sugar, and the
upper right side of mother's cover.
Finally, with butter knives in left
hand and soup spoons in the other,
place the small knife across the
simple.

5. Cut thick slice of butter and
put it on the dish on your tray;
slice the bread in an even sawing
motion and arrange on the bread
tray; pour sauce - pickles into
dishes and carry the items to the
table on your tray one trip.

6. Be wary about hating the din-
ner plates in a hot oven. They
should be spread out on the shelves
of a warm oven with piece of pa-
per between each one. The platter
vegetable dishes, gravy dish and
tea pot should also be put in the
warming oven.

7. If you have a extra serving
tray, spread the plates out, cut
the pie and use a knife or egg
lifter to lift out the servings. The
dessert can then be left ready to
serve on the buffet.

Know And Obey The Traffic Laws

HOW TO MAKE A RIGHT TURN

Driver must bring his vehicle to a full stop if the traffic light is against him and then take corner slowly, turning as closely as possible to right edge of road. The onus of disproving negligence rests on the driver should an accident occur. If guilty, suspension of driving permit automatically follows.

HOW TO MAKE A LEFT TURN

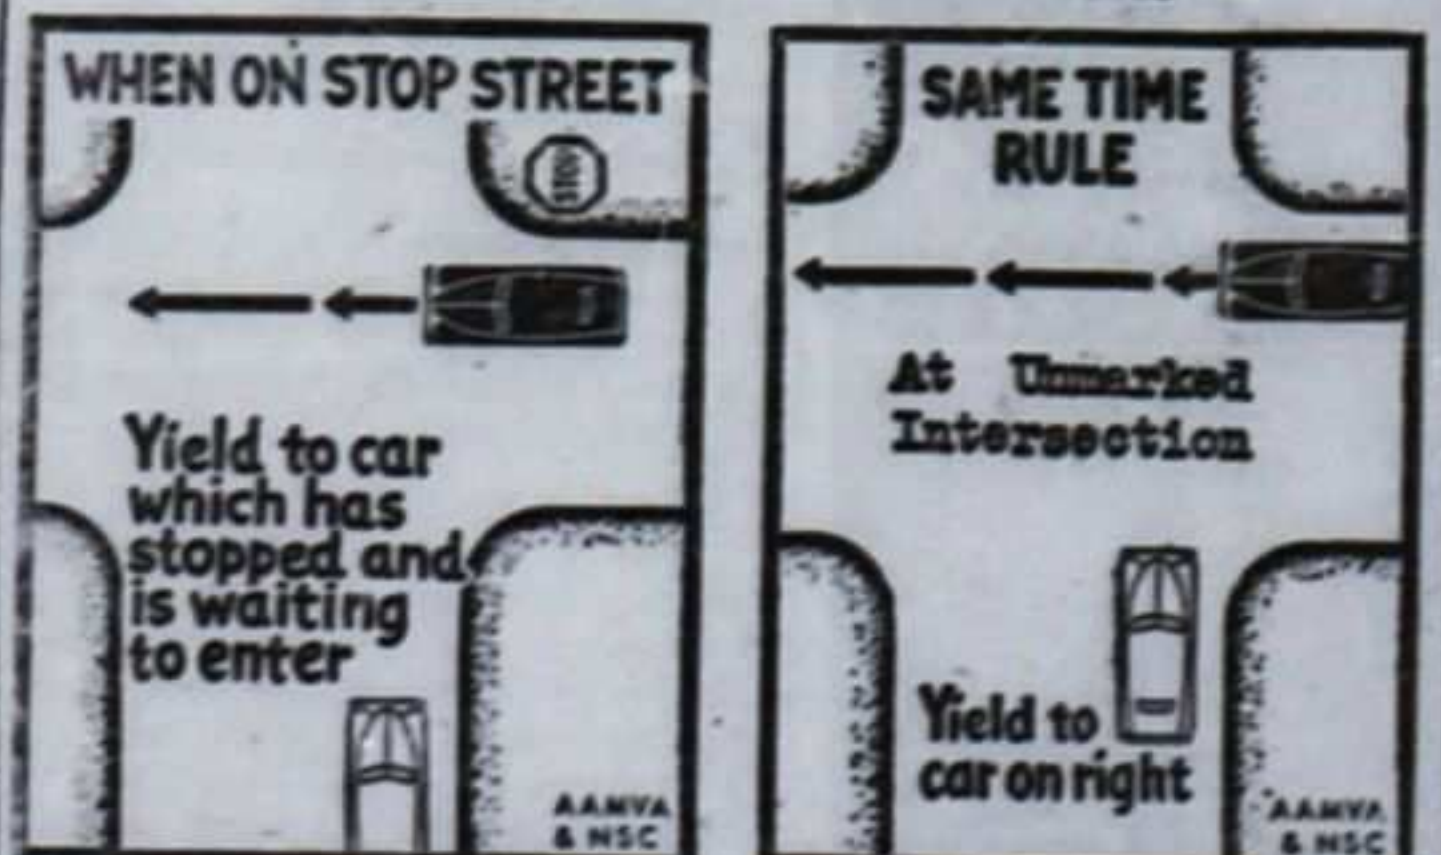

A motorist wishing to make a left turn safely should proceed as shown in this chart. He must also watch for cars coming from the opposite direction and concede them the right of way, unless they slow down and allow him to complete the turn. Failure to signal can lead to suspension of license if motorist is involved in an accident.

ARM SIGNALS FOR STOPS AND TURNS

Signals are life savers and should be used whenever a driver is turning or stopping. Waving arm around in a vague or hesitant manner will only confuse the driver behind. Be fair and signal correctly — and keep your license to drive.

RIGHT-OF-WAY AT INTERSECTIONS

A motorist when approaching an intersection must yield to or on the right. Even when he is travelling on a through street he must yield if the car on the right has stopped and is waiting to cross. Either failing to come to a full stop at a through street or failing to give right-of-way to the car on the right results automatically in suspension of driving license and owner's permit if an accident occurs.

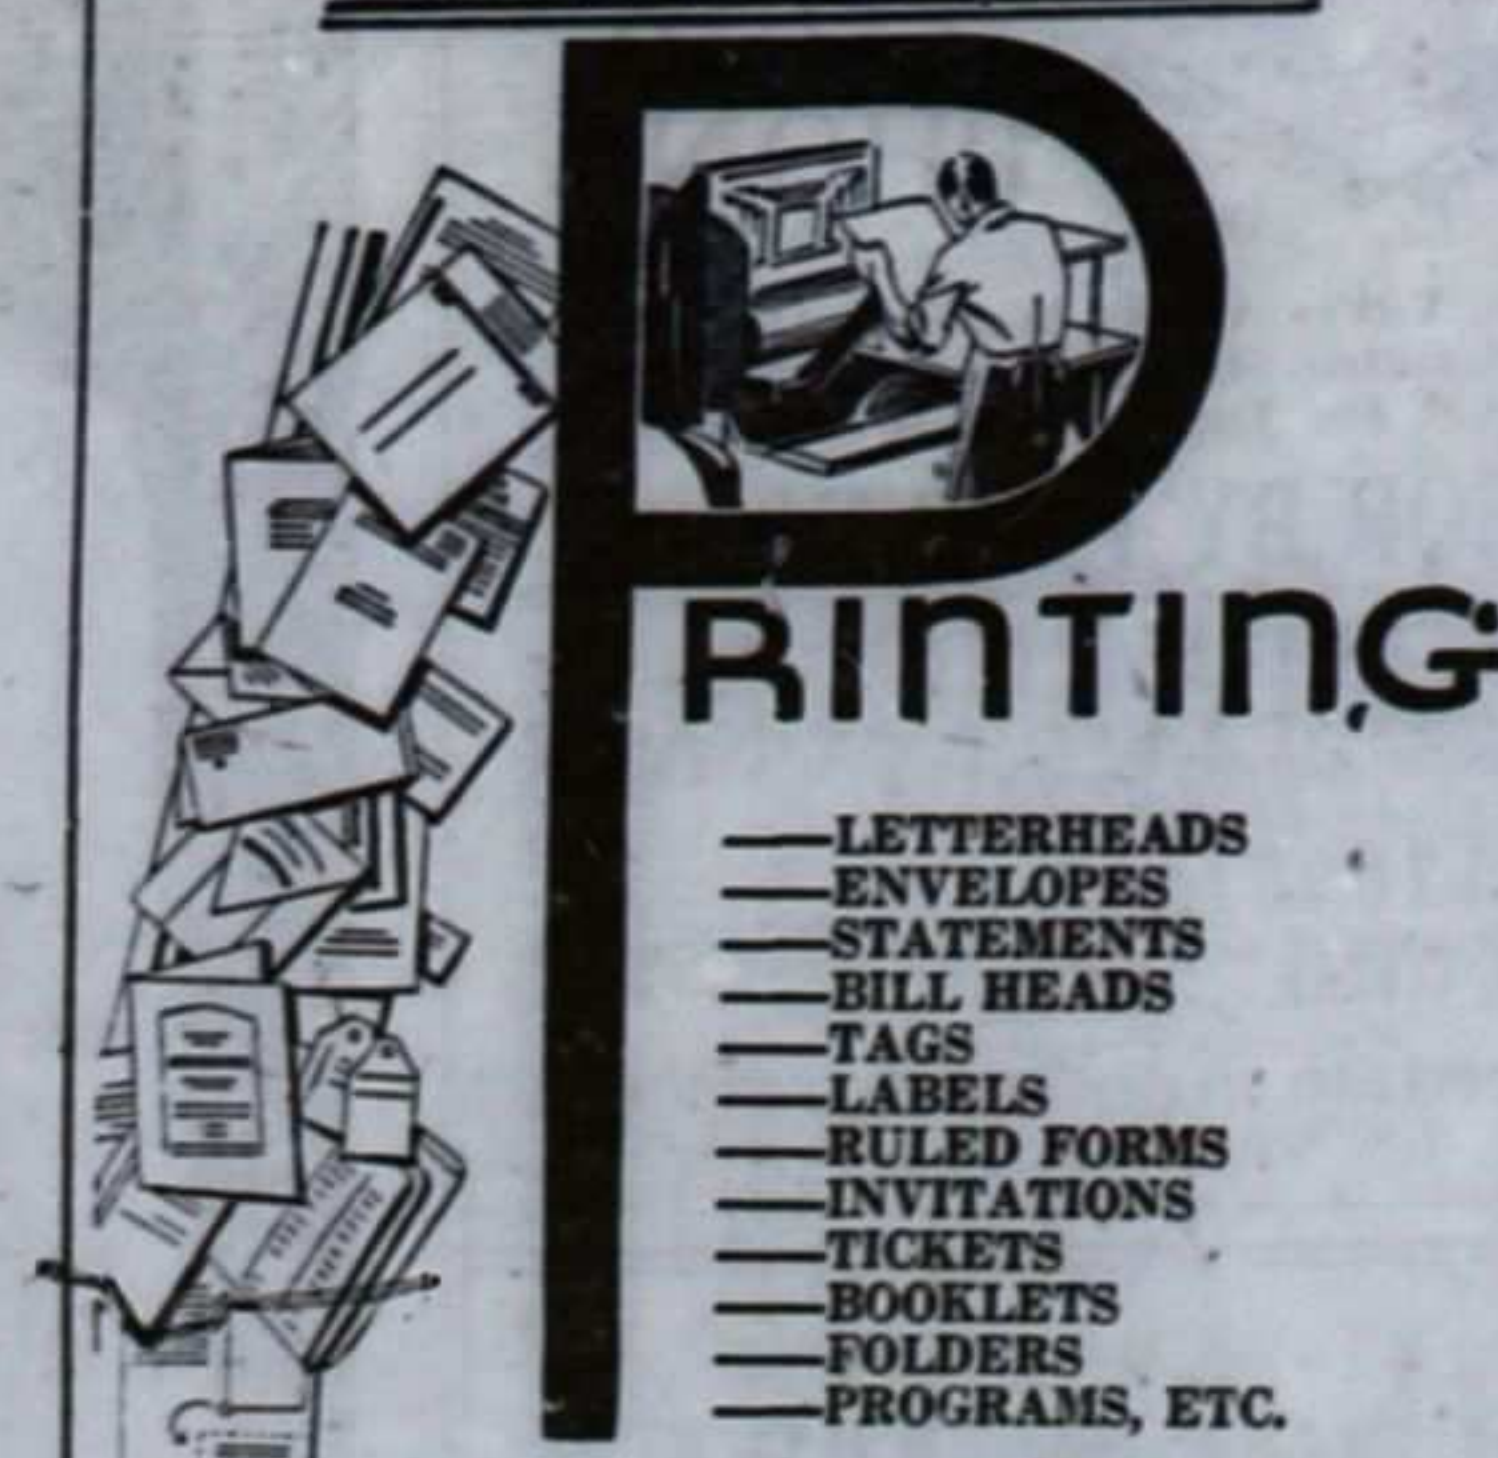

PERENNIAL WHEAT NO LONGER A MYTH

Dr. J. B. Harrington, in charge of wheat breeding at the University of Saskatchewan, and Prof. L. H. Shebanski of the University field husbandry department, discuss the future of perennial wheat in the west as they look over specimens of the interesting cereal growing in the greenhouse at the university. Plant breeders working at the university, begin crosses with grasses and wheats, have come across a wheat-like plant with perennial habit, and near immunity to a large number of races of stem and rust. Research on perennial bread-grain crops began in Canada as recently as 1925.

Once Milton Berle played Pittsburgh for a one week stand. On Monday he picked out a restaurant that looked attractive, and liked everything except the bread. "I always eat whole wheat," he told the waitress, but she brought white. On Tuesday, he reminded her about the whole wheat, but was served white again. Wednesday she made the same mistake, not to mention Thursday and Friday. Finally on Saturday when she took his order, Berle said casually, "Just for the head of it, I think I'll take white bread today." "That's funny," said the waitress. "Aren't you the party who usually orders whole wheat?"

SERVED WITH MOUNTIES BUT STRICTLY INCOG

It was not for the possession of any mischievous traits of character that Robert Dixon, 57, "oot frae Aberdeen tae Canada" 67 years ago, was given the name by which he is best known, "Rattle-snake Pete," but just because of his early interest in snakes. At one time he killed and skinned 150 of the reptiles and sold the skins to a harness maker.

Dixon lives at Cochrane, 19 miles northwest of Calgary, Alberta. For many years he was an "undercover special" for the Mounted Police. He was not with

that body at its inception, but the connection dates from early days in the force. Oddly enough for a Scotsman, he cannot read and write, and in his reports he relied entirely on his memory. He had no tire on his memory. He had no regimental number and wore no uniform. It was his business to keep on the trail of the west's bad men of the days when that territory was new. He could tell a lot about those characters, he says, but the disclosures might be unpleasant for their descendants.

Dixon from time to time covered the land from Manitoba to the Pacific Coast, with some occasional jaunts south, and one reflection of his is that the early settlers could not have endured the life in definitely had it not been for the

pioneer women of Canada, "the finest that ever came to any country."

In his early days Manitoba's flocks of ducks and geese would obscure the sky, in Saskatchewan there were great herds of antelope and fish abounded, and in Alberta every lake and stream swarmed with fish of various types.

THE OLDEST JOKE?

(From Fergus News-Record)
The oldest known joke is said to have been found on a clay tablet in Babylon. It ran something like this: "Why are you limping today?" "My mother-in-law kicked my nightgown downstairs last night." "But what has that got to do with it?" "I was inside my nightgown."

CELEBRATED ANNIVERSARY

which he is a Charter member and a past President.

"Lionism is a challenge to free men in a democracy. To be able to assist the less fortunate is only one of these privileges. Not only does Lionism benefit the members, but also the community in which they play such an important role in various degrees of social service work."

Two Lions were presented with their twenty year chevrons. Both of whom were members of the Lions Club that existed even before the formation of the present Club. Both A. R. Globe and Vern Tuck have contributed immensely to the welfare and general betterment of this district and are still playing active roles in the community which they have served so faithfully.

Lion A. R. "Sandy" Globe, then presented ten year chevrons to seventeen charter members. These Lions being: H. A. Campbell, H. E. Ingelhart, Fred Jewson, O. W. Eickmeier, Stan R. Globe, R. W. Graham, R. O. Smith, H. Shafer, F. L. Stonehouse, Russell Terr, Hugh K. Whyte, P. V. Smith, C. H. Rahn, J. R. McVicar, A. F. McIntyre, J. H. MacMillan and W. W. Johnson.

Col. G. R. Chetwynd then presented a Union Jack to President McDonald of the newly formed Smithville Legion. The Smithville Legion have made rapid strides, and in the near future will move into their new building. Lion Chetwynd, who is President of the West Lincoln Branch of the Legion, congratulated President McDonald, and wished them every success.

Mr. McDonald responded by saying that the organization which he represented were deeply appreciative of the token of neighborliness shown by the Grimsby Lions, and told those assembled that he hoped that the Legion could be of service to the Lions in the future.

One of the highlights of the evening was the address by Lion Sandy Globe, giving a summary of the brief but colorful history of the West Lincoln Memorial Hospital, which was a project the Grimsby Lions backed at the first mention of a hospital in 1942.

Mr. Globe summarized the founding of the original hospital, recounted the many problems that faced the directors, and pointed out that although the present method of erecting hospitals is "all crazy," there is nothing that can be done about it at the present time. It was his thought, that eventually some government will erect these needed institutions, and not the people of the area in which the hospital will operate.

"There will be many problems from time to time confronting us, as we go about building the new hospital. Already street gossip by persons who actually do not know the truth has caused considerable dissension. Many of the stories are not true, and the cost of property is a lot less than most think. A good cross-section of West Lincoln have spent hours on the problems of finance, site and actual building operations. They have recommended to the Department of Health, the Nelles site. And only to-day have we received a three page report from the Department, and now we are preparing for a sod-turning ceremony next month. The hospital will be built on No. 4 Highway on the Nelles site. That is the Department's wish if all factors are found as expected and so that is where a living Memorial will stand to the memory of the majority of public minded people of West Lincoln who have contributed generously, so that again West Lincoln Memorial Hospital will stand again, ready to serve and save lives of the people who have made it possible."

The new hospital will be of modern construction, not gaudy, but efficient in every respect. The home-like atmosphere which characterized the old hospital will I hope be duplicated. This effect was due to the fine work of the Ladies' Auxiliaries, and it is to be hoped that they again will take up this particular problem.

Lion Carm Millyard then introduced the guest speaker, Brigadier Gordon A. Sinclair, first President of the Grimsby Club. His address in its entirety follows.

The entire cast of the recent successful Leap Year Revue were honoured guests of the Club. The cast entertained with several selections which were hits in the Revue, which netted the Club a considerable sum, which will be used to further the welfare work in the district.

Featured artists were Don Gardham, Alice Demerling, Don Awde, Ken Baxter, Provincial Constable Ted Hope, and Dick Mitchell.

All in all it was a very full night. President Aub Crich, who is at present on a fishing trip in the wilds of Ontario, managed to catch a lot of dimes, which will outnumber the fish he catches. His birthday gift to the Club was in the form of a coin box, in which fines

are gathered in by the Tail-Twister.

It gives me great pleasure to return to Grimsby to a birthday meeting of the Lions Club to celebrate the tenth anniversary following its revival. The ten years that I spent as a citizen of Grimsby were some of the busiest and happiest that I have had. Friendships and associations made at that time were genuine and lasting.

We are celebrating an anniversary which is significant—significant in that it marks ten years of sustained effort in carrying out the ideals on which the club was established. You will recall that in the years after the depression of 1929, conditions were not good for labor or management and as a result there was a great deal of hardship and deprivation existing in Canada, and Grimsby was not exempt from this. Business men were familiar with the unfavourable credit accounts, farmers were unhappy about market prices and the labourer was unable to get work sufficiently remunerative to maintain a decent level of living. Physicians

"Old at 40, 50, 60?" — Man, You're Crazy

Forget your age! Thousands are peering at 50, 60, 70, 80, 90, 100, and 110, and are still as young as you are today. Try Grimsby's new eye clinic. We'll give you a complete eye examination and if you need it, we'll give you a pair of glasses. It's the only way to keep your eyes young and clear. Try it today. For sale at all drug stores everywhere.

Friday, May 14th, 10 a.m.-12 noon

to hear complaints as to the Voters' Lists for the said Township of North Grimsby, and that E. H. Lancaster, K.C., of the City of St. Catharines, will be the Revising Officer, and his Clerk will be Gordon St. Onge, and that such sitings will be held at 10 a.m. to 12 noon, Wednesday, May 13th, 2 p.m. to 4 p.m. Thursday, May 14th, 10 a.m. to 12 noon, Friday, May 15th, (DST) of the said days.

AND FURTHER TAKE NOTICE that any voter who desires to complain that his name or the name of any person entitled to be entered on the said list has been omitted from the name, or that the names of any persons who are not entitled to be voters have been entered thereon, may on or before the 10th day of May, 1948, apply, complain or appeal to have his name or the name of any person entered on, or removed from the list.

AND FURTHER TAKE NOTICE that such appeals must be by notice in writing in the prescribed form, signed by the complainant and given to the Clerk of the Revising Officer or left for him at his address as stated above.

J. G. STUART STANBURY,

Chairman of the Election Board, for the County of Lincoln. Dated at St. Catharines, this 27th day of April, 1948.

by virtue of their profession were able to keep in close touch with social problems and were quick to notice the effect of economic disaster on the everyday life and routine of a family.

After a few years of living and working under these conditions and observing the effects it was having, several business and professional men of the town began to wonder if the combined efforts and talents of a group might assist in easing the burden for many that had impaired health, and were frequently too proud and independent to seek assistance.

Many times have I discussed these problems with the late Rev. Allan Ballard, who was a sincere and devoted servant of God. He was always willing to render spiritual and material assistance regardless of creed or circumstances. Your act in having honoured him with the award of outstanding citizen was earned by years of unselfish service to the community.

By 1938, many people were thinking along the same constructive line and the problem was to get a medium through which the ideas on social service could be coordinated and organized to do the most good to the greatest number. It was decided to use the Lions Club as the medium. Bruce Malcolm arrived in town and assisted in establishing the Club on April 12, 1938.

I had the honour of being the first President of the Club in a year that was mainly one of organization. Toward the end of my term of office I left for England. During the war years and since taking up residence in Toronto, I have been able to follow the progress of the Club's activities by having received the attractive bulletin and latterly by the editorials and running comments carried in the greatest little newspaper in the world.

To readily evaluate the extent and variety of the work undertaken one has only to pick up the review of the financial statement shown in the last bulletin and note the total funds raised in the ten year period. It is seen to approximate \$20,000. The expenditures have been devoted exclusively to worthwhile projects concerned with health, welfare and education.

If there was any question initially about the need of a service club in Grimsby, it can be completely dispelled now. The Lions Club is a firmly established part of the community life of the town and its work is well and favourably known throughout the province.

At this phase, for me to attempt to tell practising Lions anything about Lionism would be like teaching your grandmother to suck eggs.

I would like to say, however, that in the short time that I was actively associated with the Club, it was a pleasure and privilege to work with the members. Regardless of what vocation he followed or how busy he might have been, each member co-operated and found time to do his share.

That, Lions, I believe, accounts for your outstanding success as an instrument of social service during the past decade.

There are a few faces absent from our celebration. Lions who were in truth, gentlemen and kindly neighbours. Their presence is missed but we cherish their memory.

Hugh called me a few days ago and asked me to speak of some of my experiences. After two years of rehabilitation, one hesitates to draw on war experiences exclusively and I thought that it might interest you if I gave you some of my impressions of the Italy that we knew, as this country has been front page news for the past few months.

About three weeks before the final successful assault on Casino in the spring of 1944, I was ordered to Italy to take over as A.D.M.S. of one Canadian Infantry Division. After a rough air passage over the Bay of Biscay by night, and the Nazis still held France, and after refuelling and delays at Gibraltar and Algiers, we finally touched down at Naples.

Naples was an active commercial airport in peacetime and, during the war, was one of the chief ports of supply. It is situated on the Bay of Naples, west of Mt. Vesuvius and the ruins of Pompeii.

The normal commercial life of the airport was completely dislocated and the facilities were given over entirely to the occupying forces, initially the Nazis and latterly the Allies.

The Nazis had bombed the city a few hours before we arrived but fortunately not a great deal of damage had been done.

The factories, warehouses and yards appeared idle—as manufacturing and industry in general were paralyzed owing to the lack of coal and electricity. In addition many plants had been sabotaged.

The people were poorly clad and children especially were underfed. The sanitary conditions to accustomed to western standards to army discipline were appalling.

It was spring as I drove over the war-worn roads to the forward area. The peasants were seen at work in fields. The women were well and carrying the implements and the men were riding donkeys. The women were the children, led in the fields.

ONTARIO HOUSING PLAN

FIFTY PER CENT REDUCTION OF DOWN PAYMENTS ON NEWLY CONSTRUCTED LOWER COST HOUSES UNDER THE HOUSING DEVELOPMENT ACT (ONTARIO)

The Province of Ontario will arrange for the loan of fifty per cent of the difference between the amount of the first mortgage and the sale price of a newly constructed house, the Provincial advances not to exceed \$1,250.00 on any one house. The loan will be repayable on a twenty year amortization plan with interest at 3½ per cent per annum. Satisfactory evidence will be required that the amount of the first mortgage advance is a reasonable proportion of the value.

Application forms and all necessary information may be obtained from:

Minister

Boy, 10, Risks Treacherous

Ice To Rescue Chum

WINS DOW AWARD

GORDON ST. ONGE OF WINDSOR, ONT., feared parents' scolding more than danger to himself

It was early in February... and the ice on the Detroit River looked safe enough — near the shore at least — for the four boys to walk on. But, as boys will, they ventured out too far... and, almost before they knew what had happened, a large section of the ice gave way... and into the frigid waters fell young Maurice Palwada.

TWO BOYS RUN FOR SHORE

The two older lads, panic-stricken, raced in to shore. But not so 10-year-old Gordon St. Onge. The sight of his chum floundering helplessly in the water urged Gordon to act. Gingerly he started to walk towards the edge... and then hearing an ominous cracking noise, he got down and crawled.

Gradually, inch by inch, he reached the water's edge... and slowly dragged Maurice out of the river, onto the ice, and in to shore. He then took the shivering little victim home.

Gordon St. Onge of Windsor, Ontario, is a modest hero. In fact, his greatest worry when crawling over that treacherous ice was not the danger to himself. It was the thought of the scolding his parents would probably give him when they learned of the incident.

We are proud to pay tribute to this brave and unselfish boy through the presentation of The Dow Award.

The two older boys headed for shore... but Gordon stayed on the dangerous shell ice... determined to rescue his young friend. Slowly, as lightly as possible, he crept nearer the water.

Carefully Gordon dragged the exhausted boy along the ice... realizing that at any moment they might both be thrown into the water. But luck was with them... they reached shore safely.

THE DOW AWARD is a citation for outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. Winners are selected by the Dow Award Committee, a group of editors of leading Canadian newspapers.

MINISTER INDUCTED AT ST. JOHN'S CHURCH

The Rev. John P. McLeod, the new minister of St. John's Presby-terian Church, was inducted at a service by the Rev. J. A. Graham, B.A., Moderator of the Presbytery, before a full congregation on Fri-day night last.

The prayer was offered by the Rev. H. Hill, of St. Enoch's, Ham-ilton; the Rev. W. E. Smythe, B.A., West Flamboro, preached the sermon and the narration of Jesus leading to the induction was given by the Rev. H. J. Scott, of Beamsville. The charge to the minister was given by Dr. A. V. Brown, Pel-ham, and that to the congregation by the Rev. J. M. McCullie, of Calvin Church, Hamilton. The benediction was given by the new minister.

Among the ministers bringing greetings were the Rev. Banks, Nelson, of Hamilton, and ministers in Grimsby, the Rev. E. A. Brooks, the Rev. George McLean, the Rev. A. L. Griffith and the Rev. Neil Leckie. During the service, Mrs. Lillian Johnston sang, "We Would Be Building."

Following the induction service, a buffet luncheon was served in the church rooms by the ladies of the church, with Mrs. W. G. Grit-tenden and Mrs. Charles Durham pouring the tea and members of the Young Peoples Club serving.

On behalf of the congregation, as a token of appreciation, Harry Morris presented the Rev. J. J. Scott with a cheque. Mrs. Scott and Mrs. McLeod received nose-gays from Mrs. L. E. Larsen and Mrs. W. E. Burke, presidents of the Ladies' Aid and the Women's Missionary Society.

Mr. McLeod comes to Grimsby from Emmanuel Church, Toronto. He is married and has a son and daughter. Both Mr. and Mrs. McLeod expressed pleasure of their new charge.

SCOUTS AUXILIARY

There was a good attendance when the Scout Mother's Auxiliary met in the High School Auditorium on Monday evening, May 5th. The President, Mrs. E. W. Phelps pre-sided. Seven new members were registered. Mrs. Florence Baisley reported for the social committee. Mrs. Harold Heaslip for the mem-bership. Mrs. Earl Cornwell, the sewing and the sick and visiting report was given by Mrs. John Glanville.

Used uniforms, neckerchiefs and other parts of uniforms are ur-gently needed and anyone having any of these articles no longer re-quired please get in touch with Mrs. Frank Little, 4 Gibson Ave. Telephone 149-W.

Peter Phelps entertained with a fine piano selection.

The Cubs under the supervision of Cubmaster Cyril Mote put on a play "The King of the Jungle", followed by a display of first star work and a song, "Tenderpaw Tim" in which the mothers joined. In an impressive ceremony five scout recruits were installed into the troop by Scout Masters Colonel G. R. Chaffey and Dr. D. Cope-land, assisted by Peter Phelps.

After the meeting all enjoyed re-freshments served by the social committee.

What the country needs is a kind of nest egg a person can use and have it, too.

WINONA INSTITUTE

Mrs. K. Millikin, president of the Winona Women's Institute, was hostess for the April meeting at her home. Mrs. Myles Ielson, agri-culture and Canadian industries convener, had charge of the pro-gram. Mrs. E. Biggar gave a de-monstration of hoglet rug making. There was also a good display of perennial roots which were sold after Mrs. McCallum rendered a flower song.

The annual election of officers will take place at the May meeting to be held at Mrs. Biggar's home. Mrs. Reinke, Mrs. Cater and Mrs. Walters form the nominating com-mittee. Mrs. Reinke assisted the hostess in serving tea.

Birthday Party

The home of Mr. and Mrs. Ed-mond Hunter, Fairview Avenue, was the scene of a very happy an-niversary of the birth of the lat-ter's grandmother, Mrs. Louisa Walker of Walker's Point, Musko-kia, who was 82 years old on Sun-day, May 2nd.

A turkey dinner was served to 30 relatives present from Toronto, St. Catharines, Owen Sound and the United States. Presentation of an electric tea kettle was made to the grand young lady for use at the 4 o'clock patime at her summer cottage in Muskoka.

The immediate family at the head table were Mr. and Mrs. Har-per Walker, Toronto; Mrs. Lily Jackson, Toronto; Mrs. Walter Lambert, Owen Sound; Mrs. Roy Walker, Walker's Point, Muskoka; Mr. Chas. Walker, Aaron, Penn., U.S.A.; Mr. and Mrs. Ray Forbes, Toronto; Mr. and Mrs. Vern Gal-way, St. Catharines.

The only daughter unable to be present, Mrs. Thos. Schell, Grav-enhurst, was represented by her two daughters, Arisand June, of Toronto. There was ten grand-children and three great grand-children joining in the festivities.

The youngest grt grandchild, Miss Wendy Lou Otis, Grimsby, was very reluctant to pose for pic-tures with her grt grandmother, who is 86 years of age.

The high esteem in which Mrs. Walker is held was expressed by the many cards of congratulations she received from many parts of Canada and the United States.

Many summer vacationists from Grimsby who spent their leisure time at Walker's point will be pleased to know the Grandma (as she is known to most) is in the best of health and very active, and will meet them again in Muskoka this summer. May it be spared to be with us for many more such anniversaries.

SILVER WEDDING

Over one hundred and forty friends were received on Sun-day May 2nd, by Mr. and Mrs. Jewson at their home on Park-ade, Grimsby Beach.

The occasion was the 25th an-niversary of their wedding which took place in St. Andrew's An-glican Church, May 3rd, 1923. The Jewsons were "At Home" to their friends Sunday afternoon, dining which the bridesmaid, Mrs. Mel Hurd, received with Mr. and Mrs. Jewson.

Pouring tea were Mrs. Jones Wray, Mrs. James Hayward, Mrs. Norm Walker, Mrs. Len Broley, Mrs. E. A. Buckenham and Mrs.

Dave Cloughley. Assisting were Mrs. C. W. Riches, Mrs. Gladstone Mogg, Mrs. Bert Flett, Mrs. D. E. Anderson, Miss Ruth Cornwell, Miss Phyllis Garland and Miss Katherine Hurd.

Havelock Jewson, their son, was able to be present for a few hours from the University of Toronto, where he is busy writing exams.

Many lovely flowers lent an air of beauty to the Jewson home. Mrs. Jewson wore a peacock blue crepe dress with a corsage of pink roses given to her by the officers of the Eastern Star.

Following the afternoon recep-tion, a buffet supper was served to forty close friends and relatives at eight o'clock. A presentation to the couple of a beautiful pair of silver entree dishes and well and tree platter took place at this time. A toast was proposed by Mr. C. W. Riches and the presentation made by Mr. Len Bromley to which both Mr. and Mrs. Jewson replied in suitable manner. Many other grand gifts were also received including flowers and cables from England.

Mr. and Mrs. Jewson will long remember that beautiful day. The fine couple were deeply touched by the tribute of friendship made by their many guests, and their Silver Wedding Anniversary will live in their memories forever.

Obituary

MRS. THOMAS GRIFFITH

Mrs. Thomas Mostyn Griffith, mother of Rev. A. Leonard Grif-fith, B.A., pastor of Trinity United Church, Grimsby, died on Mon-day in her 60th year, following a lingering illness.

Born in England, on December 22, 1882, a daughter of the late Thomas and Sarah Jane Taylor, she came to Canada 19 years ago and settled at Brockville where she resided until coming to Grimsby last fall.

She was a member of Wall Street United Church, Brockville. Surviving, besides her husband and son, of Grimsby, are two sisters, Mrs. Edward Ousey and Miss Florence Taylor, both of Preston, Eng-land.

Funeral services were conducted from the Stonehouse Funeral Home on Wednesday afternoon. Rev. Douglas Smith of St. Giles church, Hamilton, conducting the services. Interment was in Queen's Lawn cemetery.

Casket bearers were Carman D. Millyard, Wm. Hewson, Vernon Tuck, Harold C. Jeffries, T. Lloyd Dymond, Owen Patterson.

IMPORTANT AND CASUAL

By ALICE ALDEN

The well-handled casual hat, a nice balance between a sports hat and a simple dress-up affair, is the sort of thing that gets a good workout for general everyday wear, especial-ly when it is the product of a good designer. Lenesta is re-sponsible for this flattering felt casual of pussywillow gray felt. The softly pleated double brim has a lining of white felt. It is nice to dress down a Spring suit and ideal with a casual coat.

MISS MAY CRITTENDEN,
Resident Staff Correspondent.
Telephone Your News Items To Her.

Dr. and Mrs. R. Fralick, Toronto, spent the weekend at the home of Mr. George Jarrett, Park Road.

Mr. and Mrs. Henry Schuman and baby son from Buffalo, spent Sunday with Mr. and Mrs. J. J. Temple.

Mrs. J. Pearson and Mrs. J. Purvis from Toronto, have returned to the Beach for the summer.

Miss M. Walker from Windsor is spending three weeks at her cottage.

Mr. and Mrs. C. Duthie, whose cottage at the lake front was partially destroyed by fire last fall, have returned from spending the winter in Florida. They are again in their cottage for the season.

An executive meeting of the Weyburn (Sask.) Odd Boys' and Girls' Association was held at the home of Mr. and Mrs. G. W. Crittenden on Saturday evening, to make arrangements for their annual picnic to be held June 20th at High Park, Toronto. About twenty members and friends were present from Toronto, Guelph, Acton, Woodstock, St. Catharines and Grimsby Beach. Dinner was served by the hostess and Mrs. A. S. Cooper and Mrs. S. E. Bullis, St. Catharines.

BEACH GIRL GUIDES

The regular meeting opened with the usual exercises. While the Patrol Leaders held a court of Honour our Lieutenant explained the Nature Study outline. After the announcements and a sing song the meeting closed with taps.

Miss Louise Howell, who has spent the winter in Hamilton has returned to her cottage for the summer.

BEACH WOLF CUB PACK

Doug Young and Terry Molloy have "opened one eye."

All Cubs going to camp must have "one eye open" by May 7th so as to be able to see in the dark.

The following passed tests before and after the ball game.

Skipping—Terry Molloy, Donald Cosby, Bryan Hyland.
Knock—Doug Young.

Health—Bryan Hyland, Donald Cosby, Bill Jackson, Fred Lee.

Book-Balancing—Jim Graham, Bill Jackson, Fred Lee, Clifford Poyton.

Ball Throwing, Somersaults, Leapfrog—Jim Graham, Bryan Hyland, Ted Furler.

Terry's "Pirates" soundly trounced Stanley's "Steamers" — the score 16-5.

The "Pirates" really cut into them. If the "Steamers" had cut out the hot-air chatter, and turned on the heat at the right time, they could have gotten themselves out of hot water and whistled a different tune.

Dyb, dyb, dyb.

BRIDAL SHOWERS

Miss Eileen Groh, R.R. No. 1, Beamsville, a member of the nursing staff of West Lincoln Memorial Hospital since July, 1946, was the guest of honour last Thursday at a tea given by her co-workers. The home of Misses Douglas MacRobbie and Margaret Templin was decorated for the occasion with bridal pink and white, in honour of her marriage two days later.

She received gifts of an electric kettle and an automatic iron. The wishers included Norma Bert, Aida Bushel, Marguerite Farrell, Jean Graham, Mrs. Ross Hannigan, Mrs. Harold Jeffries, Mrs. Fred Jewson, Mrs. Murray Kennedy, Grace Lewis, Louise Oldershaw, Mrs. Art Richmond, Agnes Stewart, Mary Watson and Mrs. Lloyd Yeager.

THE ROYAL SILVER WEDDING PICTURE

On the occasion of the twenty-fifth anniversary of Their Majesties' wedding, the J. Arthur Rank Organization of England have produced a twenty minute film to commemorate the occasion. The film is an outstanding record of the lives of Their Majesties, embracing as it does the pageantry, events of historic importance and intimate family gatherings. The film has been sent over to Canada from England, and the people of Grimsby and District will have the opportunity of seeing this fine tribute at the Roxy Theatre on Friday and Saturday, May 7th and 8th.

CONCERT ORCHESTRA RE-ELECTS OFFICERS

The third annual meeting of the West Lincoln Concert Orchestra Association was held in Beamsville on Wednesday last.

A By-law was passed providing for greater flexibility to the time factor in meetings of the Board of Directors, and also for voting by proxy.

Practices will not be held during the summer months but a special meeting will be called in September to formulate plans for the then ensuing season. In this latter connection any musicians, both young or old who would like to join the Association and help to this worthy cause along, are invited to contact the Secretary by phoning 1173 Beamsville or the Asst. Secretary at 260 Beamsville.

The following Officers and Directors were re-elected by acclamation — Hon. Pres., Hon. Charles Duff; Hon. Vice-Pres., Romaine K. Ross; President, Major R. C. Saunders; 1st. Vice-Pres., W. C. Garlick; Vineland; 2nd. Vice-Pres. Doris Bromley, Grimsby; Conductor and Manager, William F. Tuftord, Beamsville; Asst. Manager, Charles Shepherd, Beamsville; Sec. Treas. and Librarian, Helen Tokiwa, Beamsville; Asst. Sec. Treas., Mrs. R. G. Saunders; Directors, Leonard Bromley for Grimsby; Harry N. Reid for Beamsville; Leo Martin, Jr. for Clinton Township; Dorothy Sloan for Louth Township; Harold Pinder for Beamsville High School and Gordon James for Grimsby High School.

At the conclusion of the meeting refreshments were served and a social hour enjoyed.

A loafer is a fellow who likes to spend his leisure time around a fellow who hasn't any time to spend.

Coming Events

The W.C.T.U. will meet Thursday, May 20th, at the home of Mrs. Spencer Merritt, 10 Robinson St. Program — Fees, completion of year's business, election of officers.

Trinity S.S.

The attendance at Sunday School was very poor a Sunday with only 137 present.

Don't forget. There will be no Sunday School on Sunday afternoon, but be sure to come with your mothers and fathers to church on Sunday morning, as it is Family Service.

We would like the children to come with their parents and the parents to come with their children, and all families to sit together. Any children who have to come alone will be taken care of during the service by an adult.

So let's pack the church on Sunday morning!

BAPTIST CHURCH

All the services in the Baptist Church on Sunday next will partake of the dual implications of the day, for Sunday is Mother's Day as well as Blossom Sunday in this Garden of Canada.

In the church school during the worship period the Superintendent, Miss M. Cline, will lead in a Mother's Day program.

At the morning service a choir composed of the mothers of the church and congregation will lead the musical part of the worship and render a special vocal number.

In accordance with the suggestion that for this Mother's Day the family and home should receive special attention, in the morning Mr. McLean will take as his subject "The Family an Orchard" and in the evening "The Home a Seedbed, Well or Poorly Prepared."

Grimsby Red Cross

Several items have been added to the Loan Cupboard for YOU to BORROW: A wheel chair which will fold to be taken in a car, and two more pairs of crutches especially for tall people.

If you know of a "shut-in" or an invalid whom you would like to take for a walk, do not hesitate to have your doctor's office call 527 and ask for the loan of the wheel chair. There is no charge and you could do some one a good turn by taking them out in the good weather.

COLOURED FILM TO BE HERE

The Grimsby Red Cross have secured an excellent coloured film on water safety and swimming, which will be shown here along with a black and white film.

Come to the High School on Tuesday afternoon, May 11th, at 3.45—there is no charge and it is open to the public.

HEALTH CLINIC

Sponsored by the Women's Institute, the Mothers' Club and the St. Catharines-Lincoln Health Unit the 54th Child Health Clinic was held in St. Andrew's Parish Hall on Tuesday afternoon, May 4th.

The Clinic was attended by 15 infants and 4 pre-school children, accompanied by their mothers.

All of the mothers were counselled on child health care by the two Health Unit nurses, Miss Isabelle Price and Miss Mary Floyd. Advice concerning new feeding or behaviour problems that had arisen since the preceding visit of the mothers was also given.

Twelve of these children also received immunization for preventable diseases—whooping cough, diphtheria and smallpox. Four children were vaccinated against smallpox, while the remainder were inoculated with the combined diphtheria toxoid and whooping cough vaccine. Six children completed their immunization, while two were given booster doses.

The volunteer workers were Mrs. L. Larsen and Mrs. Grace Pain of the Women's Institute and Mrs. A. Henley of the Mothers' Club.

The medical health officer in attendance was Dr. Clare Robinson.

NEW HALL PROPOSED FOR GRIMSBY BEACH

Representatives of the Board of Directors of the Grimsby Beach Cottage Owners' Association, the Church Board, Women's Improvement Society and the Recreational Club met with a delegation from the Grimsby District Red Cross Society on Sunday afternoon at the home of Mr. and Mrs. Wm. Sterling to discuss plans for the erection of a community hall at Grimsby Beach.

This building will be used for Sunday School, community recreational and Red Cross educational activities.

Plans were made for the immediate laying of the foundation and it is hoped that the hall will be erected by July 1st, which is the date for the formal opening of the Grimsby Beach activities.

WOLF CUB PACK

The Pack spent most of the last meeting preparing for their part in the Monday evening meeting of the Scout Mothers' Auxiliary. The Dance of Tabaki, the Jackal, was arranged with Jim Durham playing the part of Shere Khan and Robert Johnson that of Mowgli. The remainder of the pack were divided evenly between the Jackals and Wolves.

A First Star relay race gave each cub a chance to show some of the tests that he had already passed.

A three part song of Tenderpad Tim was included to give the mothers a part in the programme.

At the inspection the Brown Six showed up in full uniform and piled up a large enough total to shove the Gray Six out of first place.

Akela concluded the meeting with a chapter on the story "Tracking."

LEGION JOTTINGS

WEST LINCOLN BRANCH, No. 127

The Legion Bridge and Euchre which was held last Thursday at the Masonic Hall was quite a success, everyone enjoying a very pleasant evening. The Ladies' first prize for Euchre was won by Mrs. Schwab, the gentlemen's first going to Mr. Awrey.

Lipsitt. Consolation prizes being won by Mrs. Billy Morrison and Mr. C. R. Gregory. The Bridge prize was taken by Mrs. Frank Betts. The refreshments which were provided by the Legion Ladies' Auxiliary were a great success.

Mrs. Warren, Legion Service Bureau Officer, will be at the Legion Club on Wednesday, May 12th, to interview any veteran, male or female, on matters of War Service Pension, Treatment, Allowances, etc.

Executive Committee meets on Wednesday, May 12th, at the Legion Club.

The Committee on by-laws for the Branch reports considerable progress and the first section will be ready for reading at the next General Meeting.

Entry forms for the Sports Day, May 24th, have been distributed, and returns are now coming in.

There is a Zone Council Meeting at St. Catharines on Thursday, May 6th. This Council consists of Branch Presidents, and is advisory to the Zone Commander.

Job had patience but, of course, never tried to keep all of the ority groups satisfied. hum! It seems many more peo wait until they get in a movie to sneeze.

SPORTOLOGY

(By Bones Livingston, Sportologist)

ALL OVER FOR ANOTHER YEAR—Last Wednesday night at the Da-Nite hotel in Stoney Creek the Men's Bowling League members put on the nose bag and stowed away a couple of tons of noise viands. The Ingelhart and Gledhill trophy was presented to the champion Rockets and a replica of the trophy was presented to each player. Terry Jeffries was elected president of the league for the 1948-49 semester with Liney Lymburner as secretary. The league had a good season and competition was tough right up until the last bowl was thrown. . . On Tuesday night at The Pines Hotel, Stoney Creek, the Peach Queens League held their banquet. The Metal Craft plaque was presented to the champion Vallant team and the Niagara Packers consolation prizes to the players of the Victory team. Jean McGregor won the George Kamacher prize for the high single for the season and Doris McBride was to the fore again capturing the Sammy Levine and The Independent prizes for the highest triple and the highest average. This makes about 20 prizes that the Red Smoke has knocked down in the past five years. Some gal. Several other prizes for a lot of freak stunts were also distributed. One of these feature prizes went to the players on the Vallant team. These prizes were donated by a kind friend of the Peach Queens.

HOCKEY—SOFTBALL—BASEBALL—To date this week no person has contacted us with regard to the softball setup for the summer. We understand that the Legion will definitely not sponsor a team of any kind. Also that the Mountain team is going to function, as well as a team entered by Doc Schwab. The more teams the better, however, we will still stick with the idea of having a team made up of boys of high school age.

Beamville finally got cracking on Monday night, and are entered in the Fruit Belt League. Over twenty-five prospects turned out for the first practice. Rumour has it that Pud Reid will manage the Beamville crew.

Hockey is finally finished as far as Ontario is concerned. The season has been a long one. It has also been a tough one for officials of the O.H.A. The climax of a series of incidents coming when Coach Happy Emms of the Barrie (defeated four straight) Flyers, souawked about the referees, claiming that the O.H.A. would not send him their two best. Barrie did very well this winter, defeating Windsor and Montreal in tough series for the Junior A Championship. But Mr. Emms was a bit of the fool to blame his team's losses on the refs. Port Arthur Bruins were just too good. Now we wonder if Port will share the cup with their twin city, Fort William. Those were mighty good boys Port "borrowed" from Fort William, so that they might have a strong enough entry to meet the O.H.A. Champs. They were.

The Toronto press never fails to blast the Maple Leaf Ball Club before they have a decent chance to show whether they are actually as bad as the so-called experts claim. It's rather discouraging for the youngsters who are trying to give Toronto as good a team as their experience is capable of giving.

LEGION WILL STAGE A BIG SPORTS DAY ON MAY 24th

The Sports Event held on the 24th May and which is now an Annual Event should be considered as an all out Grimsby effort, although sponsored by the West Lincoln Branch of the Canadian Legion it has been furthered by the assistance of the Merchants of the Town who have donated such an attractive Prize List.

This year some events have been added for the interest of the Sportsmen under 10 years of age, and it is hoped that there will be plenty of young competitors. No application forms are necessary for these events, they will all be post entries.

Entry Forms may be obtained from the Model Dairy, Grimsby, for the other events. A supply has been sent to the Schools in the surrounding district and to several Sporting Clubs.

The track and field are in good shape. Every facility in the way of showers and dressing rooms are available to visiting athletes.

An entry fee of 25c is requested and should accompany each event entered. This fee is to cover postal charges and recording. No entry fee is required for events 16 to 21.

Closed events are from the area of Beamville, Smithville, Saltfleet, Winona and Grimsby.

Entries should be mailed without delay and before the 20th May to Andrew Stevenson, Box 266, Grimsby, Ont.

The following are the events and approximate time of starting each event.

- ENTRY BLANK —
- 100 Yard Dash (Open)—1 p.m.
- 100 Yard Dash (Closed)—3 p.m.
- 220 Yard Dash (Open)—2 p.m.
- 220 Yard Dash (Closed)—4 p.m.
- One-Half Mile Relay Race open to High School teams of four of Beamville, Smithville, Winona, Saltfleet, Grimsby—2.30 p.m.
- High Jump, Men (Open)—1.30 p.m.
- High Jump, Ladies (Closed)—2.35 p.m.
- Running Broad Jump, Men (Open)—3.15 p.m.
- Pole Vault (Open)—1.15 p.m.
- Running Broad Jump, Ladies (Open)—3.45 p.m.
- 880 Yard Dash, Men (Open)—3.30 p.m.
- Shot Putt (Open)—3.35 p.m.
- Five Mile Road Race (Open)—1.15 p.m.
- Ten Mile Road Race (Open)—3.05 p.m.
- Five Mile Bicycle Race, Boys (Open) only standard bicycles, no racing type—2.05 p.m.
- 100 Yard Dash, Boys, Public Schools (Closed)—4.05 p.m.
- 50 Yard Dash, Girls, Public School (Closed)—1.20 p.m.
- Potato Race, Girls Under Ten (Closed)—2.20 p.m.
- Sack Race, Boys Under Ten (Closed)—3.20 p.m.
- 50 Yard Dash, Boys Under Ten (Closed)—4.15 p.m.
- 50 Yard Dash, Girls Under Ten (Closed)—2.45 p.m.

STRIKES OUT 28 MEN IN NINE INNINGS

Hugh Frank Radcliffe, 19-year-old pitcher for a Thomaston, Georgia, high school, accomplished the seemingly impossible feat of striking out 28 batters in a nine-inning game. Not satisfied with whiffing 27 men for the usual number of putouts, Radcliffe fanned the extra batter after his catcher dropped a third strike and allowed the batter to reach first safely. It wasn't a no-hitter, though his team won with a score of 10-0. The opposing team's catcher got to first base for his team's only hit. The "baseball wonder" is shown above on the bench.

CONTROL PEACH SCAB
... BROWN ROT

SULFORON
(MICRO-FINE WETTABLE SULPHUR)

SULFORON is one of the safest sulphurs to use with arsenicals. It is milder, easier on fruit and foliage, than lime sulphur. Its micro-fine particles penetrate the fuzz on fruit and the undersides of leaves and get right through to the surfaces where protection is most needed.

EFFECTIVE AT ONCE

SULFORON becomes fungicidally effective immediately after application. It is freely wettable, stays in suspension, and will not clog spray nozzles.

For scab control, use SULFORON throughout the spray schedule. For control of brown rot, apply as dust on ripening fruit. 6-lb. and 50-lb. bags.

CONTINUATIONS From Page One

EFFICIENT HEALTH
health programme in this County because there are few Units that have so complete a programme.

In all our schools there is nursing and medical services for all pupils commencing with the kindergarten and continuing until the pupil leaves the secondary school. In the primary schools besides routine public health work the nurses assist the teachers with health education. It is realized that the more the pupils know about health the easier it is for them to keep healthy, and the more readily they accept advice on this subject. However, the responsibility of the health education of the pupil is the responsibility of the classroom teacher, but this teaching to be successful must be continuous from kindergarten to the senior forms in high school. It is realized that the way the subject is taught by the teacher will depend entirely on the age of the pupil. Health education also includes prevention of accidents in the home, at school, or on the street.

The parent should always notify the school when a pupil is absent on account of illness. The reporting of communicable diseases is not only the responsibility of the attending physician, but also of the parent. In the elementary school the principal reports all cases of communicable diseases to the district nurse, as well as the children who are ill from any cause and not under the care of a physician. The nurse then makes a home visit, so if your school child is ill please phone or send a note to the school at once and advise the principal whether or not the pupil is under the care of a physician.

One of the responsibilities of the Unit is to get the pupils back to school without unnecessary loss of time, but we must also make sure that he is well enough to return. If a pupil has communicable disease he is isolated to prevent the spread of the illness and the contacts are quarantined as outlined by the Provincial regulations.

In Ontario, the Department of Education now expects much more than formerly that the teachers will assume responsibility for the pupil's health, and also that all suspicious cases of illness should be reported to the principal at once, and the child excluded from school if it is thought necessary. In all cases of communicable disease a certificate of a physician is necessary before the child returns to school, in certain cases a certificate for the contacts may be required also. If the house has been placarded for a communicable disease the principal will only accept a certificate of recovery which is given by the Health Unit. This also applies to close contacts of the case.

Throughout the County of Lincoln the Unit has provided a generalised nursing programme with 15 nursing districts. The nurse is not only responsible for school health in her district, but for clinics and all other types of public health nursing services. A great deal of the nurses' time is required for school health, but the cost is very small in comparison to the results which have been obtained.

However, with the co-operation of all the parents in the County, there is no doubt that our school health services could be even more efficient.

When we talk about school health, please do not forget that accident prevention is one of the most important things that must be taught school pupils. Perhaps the first thing they must remember is to walk on the side of the road facing traffic and to cross the street safely with the green signal if there is one. Pupils must be taught to look both ways before crossing a road and in congested areas they should only cross at an intersection. All children must realize that playing games on any roadway today is a very dangerous procedure.

ONE OF THE SCREEN'S GREAT ACHIEVEMENTS

"Gone With The Wind," which has been brought back to the Roxy Theatre as an MGM masterpiece release, remains without qualification one of the greatest motion pictures ever made. Its tumultuous story of the old South, transcribed faithfully from the pages of Margaret Mitchell's memorable novel and filmed in brilliant Technicolor pageantry roars and sweeps its way across the screen with the force of a mighty avalanche. Many pictures have been made since "Gone With The Wind" was first released but none has eclipsed the surge and power of the magnificent love story laid against Civil War days, with its tremendous panorama of marching armies, burning cities and dramatic emotional conflicts. Seldom has a production been more perfectly cast. Every character lives as Miss Mitchell made him or her live in the book. Clark Gable's brilliant performance as Rhett Butler is the forerunner of the subsequent roles which made him the Number One box-office attraction on the American screen. Lovely Vivien Leigh is another who made a name for herself as the result of her unforgettable portrait of the tempestuous Scarlett O'Hara. Olivia de Havill-

CROSS-EYED CAT

"Kitty," the cross-eyed cat shown above, has been a pet of Mr. and Mrs. E. A. Graham, Regina, Sask., for the past five years. The crossed eyes have never been a handicap to "Kitty" who has acquired a reputation of an excellent rat-ter.

land, reveals her distinguished talents as the gentle Melanie, with the late Leslie Howard completing the story's quartet of stars with a glowing portrait of Ashley.

In the supporting cast are such well-known players as Thomas Mitchell, Hattie McDaniel, Barbara O'Neil, Ona Munson, Harry Davenport, Evelyn Keys and Ann Rutherford, and each contributes to the gallery of brilliantly-etched portraits. "Gone With The Wind" gives the screen a dignity it never knew before. It is a picture that will be remembered as one of the cherished motion picture experiences of yesterday, today and tomorrow. Those who have seen it before will be enriched anew; those to whom it is a first view will remember it for the remainder of their lives.

There wasn't as much car ache in the old days, says a medico. Well, there weren't any radio tenors.

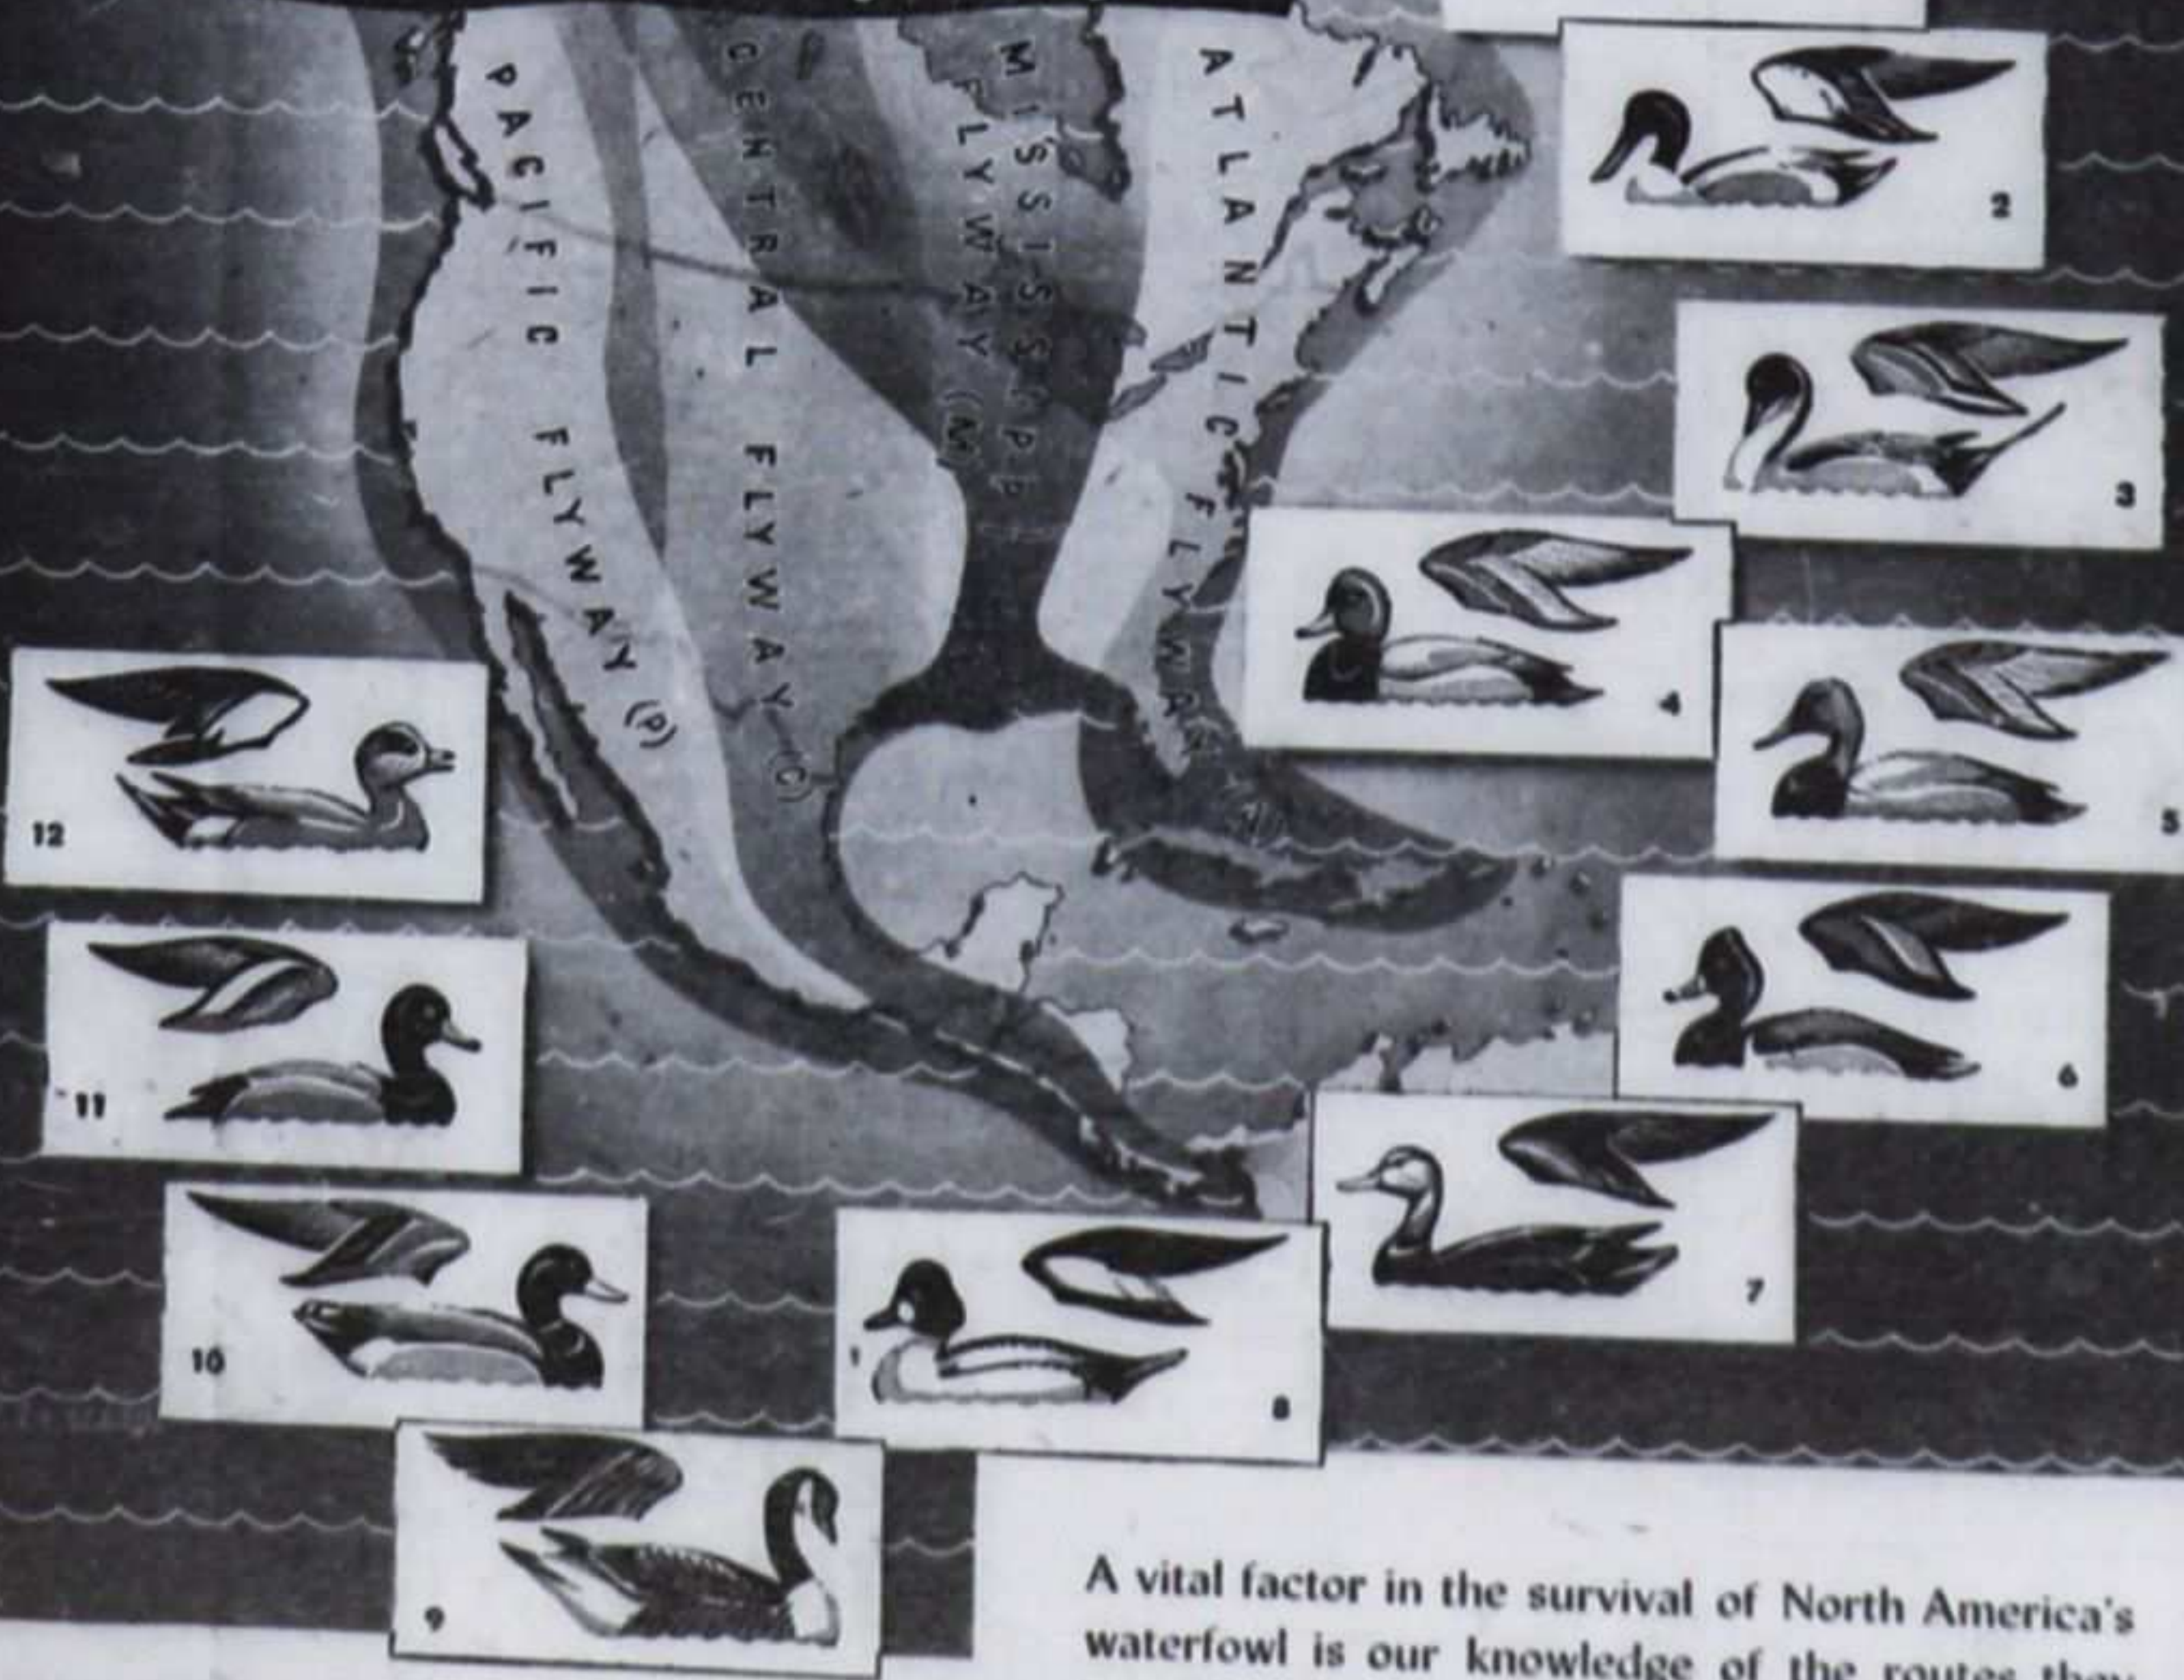

Hollywood has introduced a fur swim suit. But what girl would want to wet her furs.

THE CARLING BREWERIES LIMITED
WATERLOO, ONTARIO

Nature Unspoiled — YOURS TO ENJOY — YOURS TO PROTECT

A vital factor in the survival of North America's waterfowl is our knowledge of the routes they travel in their spring and fall migrations. With this information we are able to provide sanctuaries where they offer the greatest number of birds a spot to rest and feed unmolested. The men who have helped to plot the flyways, devoting years of voluntary effort to banding birds, deserve the deepest gratitude from all nature-lovers.

SOME 16 TEETH

An unusual youngster is David Patrick Davidson, son of Mr. and Mrs. K. K. Davidson of Regina, Sask., who at 15 months of age can show 16 teeth. He was eight weeks old when he began cutting his first teeth and it was a month ago the last of the 16 were added. It's been two or three months since Pat stopped eating baby food—now he concentrates on fruit, vegetables, potatoes and maybe a little bacon.

DREW ASSAULTS

are a necessity and do fine work," said Mr. Daley.

"The exceptions are due largely to a few poor leaders, and the efforts of the CCF party who attempt to hog-tie labor, and also their high pressure policy acts like a wedge. The CCF has offered nothing constructive, but rather have helped make for poor relations between labor and owners. Their's is a straight case of politics," concluded Mr. Daley.

Mr. Daley then introduced the Prime Minister, whose address which was aired over radio station CKTB follows, word for word:

Ever since Confederation there has been a clearly established tradition of holding elections every three years, except where special circumstances intervened, which provided good reasons for waiting longer to give the people of this province an opportunity to express their opinions upon the course being followed by their Government.

An examination of the records will show that we have simply followed established tradition. We might have held an election at any time during the present year. On the closing day of the past Session, I explained why it was desirable that the people of Ontario not only express their opinion regarding the broad legislative and administrative programme of the Government, but give us a mandate as soon as possible to proceed with ever contemplated in this or any by far the greatest undertaking other province of Canada.

I explained that the decision to proceed with the frequency change-over at a cost of \$191,000,000 cannot be separated from a vast decision to proceed with a vast integrated plan of development, which will cost over \$600,000,000, most of which will be raised in less than five years. As I explained in the Legislature, this enormous sum, far beyond anything ever undertaken by a provincial Government before, is over and above all our ordinary financing, and must be raised by public subscription to bonds issued either by the Hydro-Electric Power Commission or the Government with the backing of the Government in every case. Such huge sums can only be raised where there is confidence that the whole programme will be carried out without interruption, and without substantial change.

Since it is necessary to proceed immediately with many phases of this great programme, it became essential to have a clear indication of the support of the people of Ontario, not only for frequency change-over, but for this whole programme of development, so that it will be possible for us to raise the money by public subscription, without which no single part of this programme can be completed.

You have been told that this is not an issue. In the very speeches in which this statement has been made, a good part of the time has been devoted to attacks on the organization of the Hydro-Electric Power Commission, and upon the Government's relationship to that Commission. The leader of the CCF Party has not only attacked the administration of the Hydro-Electric Power Commission and our general plans for development, but has also directly attacked our plans for frequency change-over as well. No matter what was said in the Legislature, that must be taken as the position of the CCF Party.

In the Legislature it is true that the Liberal Party supported the Bill providing for frequency change-over. While the Legislature was sitting, however, the chairman of the Liberal Election Board attacked our plans, and said that we were afraid to trust the people. Since the Session Mr. Oliver has devoted a considerable part of his speeches to attacks on the organization and administration of the Hydro-Electric Power Commission as well as the course followed by the Government in working out these details.

If there is to be that measure of confidence which will make it possible for us to carry out this extensive public financing, those who are asked to support this undertaking with their money must know that it is the wish of the people that this whole undertaking proceed, and that there is no danger of the whole plan being upset half way through the major stages of construction by the undermining of public confidence.

It is only necessary to read the reports of speeches which were made by both Liberal and CCF speakers outside of the Legislature before the Election was announced, as well as after, to realize the extent to which a determined effort is being made to undermine public confidence in the administration of the Hydro-Electric Power Commission, and in the decisions which were made following extended inquiries by independent experts.

That was the reason for seeking the approval of the people of Ontario at this time. I did not suggest, however, either in the Legislature or outside, that this was the only issue before the electors. The

whole record of the Government and its board plans for the future in every Department, are before the people for their approval or otherwise in every riding in Ontario.

There is another factor in this great programme of vital importance which also affects every other type of production. There is no type of more importance to the thing of more importance to the advancement of our material prosperity and the general welfare of all our people than good relations between labor, management, and the general public who buy what is produced by their combined efforts. To-night you have re-nominated the Ontario Minister of Labour. He deserves the support of the people of this riding, not only for what he has done for Lincoln County in his many public activities throughout the years, but even more because of the splendid job he has done as the Minister in charge of that very important Department of the Government. During the past five years Ontario has had good industrial relations and had good industrial areas throughout the world have had less friction than we have had in our own province. There have been serious strikes. There have been serious labour disputes. It is only natural that they have attracted a great deal of public attention. For every dispute, however, there have been many times that number of friendly settlements under the wise and genial guidance of the Hon. Charles Daley. The record is clear that he is the best Minister of Labour to ever hold that office in the Ontario Government. The progressive labour laws now on the statute books, the great extension of the application of the Workmen's Compensation Act, holidays with pay, the maximum forty-eight hour week, and many other pieces of legislation improving the relationship between workers and management have been on his recommendation.

During the last Session he introduced a bill which will have far reaching consequences in the years ahead. At all times the present Ontario Government has expressed its

belief in uniform laws governing labour relations. It demonstrated that belief in a practical way when it passed an Act making the War-time Labour Code of the Dominion Government apply to all industry throughout Ontario, whether engaged in war activity or otherwise.

The Dominion Government has placed a new labour code before the House of Commons. It was introduced last June and has been fully discussed. While we do not agree with every provision in that code, we do think it is an attempt to interpret the experience of the war years and place this in statutory form. It may not be the best code possible, but with the advice of representatives of labour and management, it does seem likely that a final form it will be satisfactory in most respects.

Half of Canada's tremendous industrial production comes from this Province. Many disputes might arise in interpreting the jurisdiction of the Dominion Government if we and the Ontario Government if we have two separate codes. It could lead to unprofitable jurisdictional disputes and great difficulty in determining within which field many industrial workers could assert their rights.

The Minister of Labour therefore introduced an Act which will make the Dominion Act applicable to all industry in this province, whether that industry be a national corporation, or one strictly within the provincial field. That Bill received the unanimous support of every member of the Ontario Legislature.

When you hear statements made that we have failed to consider the rights of our workers, may I remind you that for years organized labour has been requesting uniform labour legislation. We are the first government to make that a reality.

It might be well to recall the background of this legislation. During the War a Royal Commission was appointed under the chairmanship of the Honourable C. P. McTague, one of the outstanding judges of the Supreme Court of Ontario, who had the advantage of wide experience in dealing with labour relations. The very day the present government took office the report of that Commission was presented to the Dominion Government. It represented an examination of all the recommendations from every group interested in this subject and it was upon the basis of that report that the War-time Code was drafted. The new Act, soon to be passed by the Canadian Parliament, also follows those recommendations in most essential details. For that reason, the new Dominion Act is based upon a most comprehensive inquiry conducted by one of our most eminent judges, who has at all times held the respect and confidence of organized labour.

Undoubtedly improvements will continue to be made and the Ontario Government will be in a position to make those improvements in the light of further experience in the administration of this uniform Labour Code.

It must be remembered that this is only one of the many laws guaranteeing the right of collective bargaining, protecting the worker, and assuring proper working conditions. We do not claim our laws are perfect. Experience constantly suggests improvements which can be made and an examination of the Statute Books of this province demonstrates very forcefully how many improvements we have made since we took office five years ago. With the co-operation of our workers, management, and the general public, there will be a constant improvement in labour relations and a resulting improvement in working conditions, and the security of our workers. It can, however, be said without any hesitation, that nowhere in the world today are there better labour laws than there are here in the Province of Ontario today. The proof of that is to be found in our Statutes, and still more in the increasingly friendly labour relations throughout this Province.

Now I wish to deal with a statement made last Monday evening, April 26th, by the Leader of the CCF Party in Ontario. After attacking the attitude of this Government to labour relations in the most reckless manner, he described the Ontario Provincial Police as "Blackwell's Blacklegs." That is a statement which must not go unchallenged. It is obvious that Mr. Jolliffe is quite incapable of learning anything from past experience. In the last Provincial Election he sought to undermine public confidence in the Provincial Police, and through that confidence in the Government, by utterly false charges of the most despicable nature. Now he is up to his old tricks. If he thinks he can undermine the Government in any way he is quite prepared to make any statement no matter how untrue it may be, or what dangerous results it might produce, if it were believed.

Who are these men who are described by Mr. Jolliffe as "Blacklegs"? They are the members of a fine police force as is to be found anywhere, and they are men upon whom the security and safety of our people very largely depend. What is more, most of those men saw actual combat service in either the First or Second World War. They are men who have proved their loyalty and sense of duty to their country in both war and peace. They are the men who are described by Mr. Jolliffe by this offensive and slanderous name.

It is one of the carefully planned activities of the Communists, to undermine confidence in the police and the administration of justice in every way they can. This is the second provincial election in which Jolliffe has tried to do exactly the same thing. I want no supporter of the CCF, who has any sense of responsibility, to suggest that I have said that they are Communists. They are not. I cannot help feeling a great deal of sympathy for men like Bill Grummett and most of his associates in the Ontario Legislature, who are fine men, no matter what their political opinions may be. They could not possibly approve of conduct of that kind. Unfortunately for them, however, Jolliffe does speak for the CCF Party. The brand of Socialism which he is putting before the people of Ontario is simply MARXISM WITHOUT MOSCOW. Once again he has conclusively demonstrated his utter unfitness for public office of any kind. June the seventh will provide an opportunity for the law-abiding people of Ontario to leave no doubt in the mind of anyone that there is no place in public life for those who seek to weaken respect for law and order by reckless and dishonest attacks on those who are charged with the heavy responsibility of law enforcement.

mind you that for years organized labour has been requesting uniform labour legislation. We are the first government to make that a reality.

It might be well to recall the background of this legislation. During the War a Royal Commission was appointed under the chairmanship of the Honourable C. P. Prompt Shipment

Yes—we can give you prompt shipment on Bray Chicks; and if you haven't already started your chicks (or are considering a second brood) that is worth thinking about!

Egg market prospects are bright. Fewer early chicks ... heavy marketing of layers ... high meat prices, all point to short supply, heavy demand, and good prices. Poultry meat prospects are bright, too. In fact the Dominion Department of Agriculture Marketing Service says the situation is "the best in years."

Some smart people are going to make real money this year by keeping their brooder space filled with good chicks. And Bray Chicks are good chicks ... vigorous, thrifty, fast-growing, with a deserved reputation for high livability, rapid development, and profitable production of both eggs and meat.

GET THE FACTS—TODAY
 Be one of the "lucky" people with eggs and meat to sell. Take the first step toward luck today. Ask for the Bray Spring Price List. Lower pullet prices. Prompt shipment.

CONTINUATIONS

CELEBRATED ANNIVERSARY

(Continued from Page 5)
 during daylight and tended the housework in the evening. They were well-developed and it was not uncommon for them to be seen carrying heavy jars of water or a cradle with a baby in it or the top of their heads. The women were the workers and I was never able to learn what the peasant male did.

The houses were usually built from blocks of lava with a roof of tile. Aerial attack with incendiary bombs had little effect on such structures as they didn't burn. With severe concussion, they would readily crumble.

In the rural areas the towns were located at the top of a hill with snake roads leading to the summit. Two reasons were given for this. It afforded protection from hostile attack in the days when each city or province had an army and war was inevitable. It was also thought that persons would be free from malaria if they were at a high altitude before sundown before the mosquitoes started to bite. This latter conception has been proven to be erroneous.

It is a country of wide open spaces and shrines and churches. The believer has ample opportunity and visual reminders to practise his religion as he goes about his daily work.

The country side is fertile and well cultivated by the peasants using primitive implements and machines resembling those described in biblical times. The soil is turned over or rather pulled over by a heavy fork-like hoe. On occasion one sees a woman teamed with an ox and dragging a wooden plough which barely scratches the surface of the soil. The harvest was cut by a scythe and was gathered, bound into sheaves and stacked by hand. Threshing was done by flailing on a stone courtyard.

Just prior to taking over as D.D.M.S., one Can. Corps and as senior medical officer of the Canadian forces in Italy I was on the staff of G.H.Q. A.A.I. at Rome. While stationed there, one was able to observe the cosmopolitan life of a city comparatively untouched directly by war and only suffering indirectly by the lack of food and wearing apparel. The black market flourished.

The hotels were requisitioned and served the Allied forces. They corresponded favourably with other European hotels. There was no end of churches and historical public buildings. The ruins of an ancient civilization were preserved and visible in scattered parts of the city. The catacombs were unusual and intriguing.

The opera and ballet were permitted and encouraged to carry on. They provided the best possible type of entertainment for troops on leave. The houses were always packed with troops of many nationalities. The buildings were well constructed, beautifully furnished and had excellent acoustics. To many of us, it was the first time that we had been able to get a deep appreciation of these arts.

St. Peter's and the Vatican were outstanding. It is impossible for me to put into words the magnificence of the paintings and sculpture seen in the galleries. The Vatican library was a storehouse of books well arranged and readily accessible. His Holiness was in residence and afforded public audiences to the Allied troops, which he had denied to the enemy.

With all the background of ancient and modern culture, political activity was running high in the city and occasionally the Latin temperament would become unleashed.

As a result of the disruption of Government that followed when the country was occupied by foreign troops and was the centre of active warfare, it will naturally take considerable time for Italy as a country to re-establish her national status. It is going to be necessary for those helping in her recovery to be tolerant and understanding, as the Italians are a proud, artistic people with an highly emotional temperament.

These people are basically the same as ourselves and would undoubtedly be happy, contented and industrious if they could be assured of a sufficient supply of the necessities of life, continued work and a reasonable feeling of security.

It is not possible in this address to give you an account of the work of the R.C.A.M.C. They made history and their glorious record stands out in testimony of the valorous deeds that were performed. The bravery of the stretcher-bearers was unsurpassed. They had no fear and combed no-man's land by day and night, unarméd, to bring the fallen to first aid, resuscitation and early surgery.

It is a matter of record that in W.W.I. about 70 percent of sick and wounded from all causes were returned to duty but in V.W.I. as a result of early surgery, that is within four hours of injury in seriously wounded and within twelve hours for minor wounds and as a result of the use of penicillin, the sulphur drug and first class field medical units as well as well staffed, efficient base hospitals, about 90 to 92 percent were returned to duty.

I have been asked where the flag came from that I sent back. Actually, Lion Sandy Globe put the bee in my bonnet and I had one difficult time prying a flag loose that had been under fire.

The Union Jack that I eventually succeeded in getting flew over an hotel in the town of Caterham, located between Brighton and London. During the Battle of Britain it fluttered gloriously in the breeze as the town, highways, and countryside were scarred by persistent bombing. The hotel was used by Canadian troops during this period and it seemed appropriate that the flag should be sent to more peaceful surroundings and at the same time it would be an emblematic reminder of the solid tie that unite the British Commonwealth of Nations in peace and war.

In conclusion let me repeat how happy I am to have been with you for this celebration. A rambling discourse of some of the features that struck me as being interesting while on active service in Italy has been given and the biography of the Union Jack which was sent to you from England has been related. I will end by cryptically quoting a Confucianism - Confucius simply said to every man "Do good, because it is good."

Happy birthday, Lions!

Boy Scouts

1st GRIMSBY (LIONS) TROOP
 At the regular meeting last Monday the Scout Mothers Auxiliary saw the installation of five recruits as Scouts, that is, they are now full members of the Brotherhood of Scouts.

The ceremony was held in the Auditorium at the High School at which "Nicky" Racz, Terry Davis, John Mitchell, Peter Bromley and "Parny" Hill were given their tenderfoot badges. Good luck to them and God Blessing.

The next Troop meeting will be an outdoor exercise finishing with a roast. Bring water-bottle and haversack. Patrol Leaders to have matches.

Troop Orders
 Next meeting Monday, May 10th, at 7 p.m. in High School. Full uniform, haversack and water-bottle.

DREW GOES ON AIR ON SATURDAY NIGHT
 Premier George Drew will feature the opening gun in the Progressive Conservative Government's bid or re-election to office when he delivers his first radio broadcast of the campaign over a network of provincial stations on Saturday evening, May 8th.

This will be one of several radio addresses by the Premier between now and June 7th, which is the voting day in the provincial general election. Other air reviews of the Government's record and future plans will be given by members of the Cabinet in the next few weeks.

The Premier will amplify his Election Announcement made in the provincial legislature on April 16th when he stated that the Government would seek approval of the electors "in the usual democratic way" for the expenditure of \$600,000,000, as an investment in the future of Ontario. The expenditure, he said, was part of the long-term post-war plans of the Administration which included the change-over of Southern Ontario to 60-cycle power.

CARROLL'S NEW STORE

GRIMSBY - ONTARIO

(By GORD MCGREGOR)

Although next Sunday is Blossom Sunday, highways were running heavy this past Sunday. Down at Queenston, where there actually were blossoms, the customary influx of both American and Canadian sightseers was most bountiful.

The vast amount of property which the Niagara Parks Commission maintains along the River Road makes this without a doubt the top scenic spot of the Peninsula.

While Canadians swarm over the border to take in a show and to dine at the terrific American prices, Americans stream over into Canada to get a fine dinner at more reasonable Canadian prices. This fact never fails to amaze officials.

While the ever-faithful Maid of the Mist chugs its way through the foam, and the bucket slides back and forth over the whirlpool, the stream of visitors never seems to vary. There is always a crowd around Niagara Falls. It is truly one of the seven wonders.

The only blossom dance we have heard of is the one to be handled by Club 13 in Beamsville. Its scheduled for May 14, and as per usual this go-getting Club is really giving the occasion "the works."

Musically speaking, The Grimsby Public Library now renders a service which stands on a par with the bigger city libraries. Now while the bookworms browse around the literature, anything from Bach to Boogie wafts through

Nominations

LIBERAL CONVENTION

Frank J. Flynn, St. Catharines barrister, was named candidate of the Liberal party in the provincial election of June seventh at a convention of the Lincoln Association Monday night at Beamsville. Mr. Flynn will oppose Hon. Charles Daley, present Progressive Conservative minister of labor; and Dr. C. Peter MacLean, C.C.F. candidate.

Guest speaker at the convention last night was John J. Robinette, K.C., of Toronto. Mr. Robinette pointed out that the success of the Liberal party depended on three things: a good leader; good candidates; and a good, intelligent and constructive platform.

Col. E. F. McCordick was nominated but declined because of pressing business. Walter Sheppard, reeve of Niagara Township, was nominated by W. L. Patterson, who described Mr. Sheppard as a worker for the common man. Mr. Sheppard also withdrew. Only name allowed to stand against the nomination of F. J. Flynn by E. F. McCordick, was that of Lew McConkey, mayor of Niagara-on-the-Lake, nominated by J. B. Aikens, deputy reeve at North Grimsby. He was defeated in the balloting.

Harry Cavers was returned as president of the Liberal Association by acclamation. A move to return the slate of officers was declared unconstitutional by a convention member, but individual nomination returned the 1947 officers. Vice-President is Wilfred Stewart; second vice-president, Mrs. H. Carroll, and John Franklin, secretary-treasurer.

the hallowed reading rooms. The records are available at a small rental cost, and all are available at the Lincoln Electric Record Bar. The same store placed the vast collection of records in the library, as well as the necessary equipment to spin the platters on.

There is a really fine collection of classical and semi-classical works, as well as the latest tunes on the hit parade, and a reasonable collection of jazz and five "standards."

We never thought we would see the day when a librarian would be a disc jockey, but come to think of it—we like the idea.

Now, of course, remains the problem of playing the right music for whatever you may be reading at the time. The powers of concentration would be tested severely, if perchance you were studying the works of Tennyson, accompanied by a musical background of say—"He's A Real Gone Guy" as portrayed by Nellie Lutcher.

A solid re' bop tempo would hardly suit Shakespeare, on the other hand Chopin would not fit well with a roaring western.

But we hardly expect this to happen, and heartily endorse the idea, both from the library's viewpoint, and that of the record company which enabled Bert Constable to put the plan into operation.

Even when a man has 20-20 vision it's hard for him to see his own finish.

C.C.F. CONVENTION

Before an enthusiastic gathering of 300 members, Dr. C. Peter MacLean, St. Catharines, was nominated as the C.C.F. candidate over Joe at a convention of the Lincoln Association Monday night at Beamsville. Mr. MacLean and Mr. Bacon, president of the party convention held on Monday night.

All others nominated declined, and the convention developed into a two-man contest between Dr. MacLean and Mr. Bacon, president of the St. Catharines local of the United Electrical and Machine Workers of America.

Speaker for the meeting was Sandy Nicholson, M.P., for Mackenzie-Saskatchewan and president of the national organization of the C.C.F. Mr. Nicholson was present to help the local organization gather funds for the coming fight. He asked for \$1,000 in pledges or cash, and before the meeting had come to an end, had raised the money.

Nomination of Dr. MacLean was proposed by Irving Freeman, who also proposed his nomination in 1945. At that time, "he received 8,000 votes, and that augurs well for the future of the C.C.F. I think Dr. MacLean should be the candidate because we have such a short time before the election, and he is well known. A medical doctor will receive strong support from the white collar workers, the farmers and the working men."

Nick Martin proposed Joseph Bacon. "Choosing the best man is your right and duty," he said. "Joe is an unknown, so why should we nominate him? Joe's father was in the United Farmers' government one of the roots of the C.C.F."

"He has worked in a bank, on a farm, sold insurance and finally is a machinist at English Electric, and president of the local of the union. We are looking for a candidate who knows the point of view of the farmer, the laborer and the white collar worker."

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Sunday is Mother's Day.
Orpheus Choir at Trinity Hall, tomorrow night.

North Grimsby Council meets on Saturday afternoon.

Archie C. Wootton of Jordan is the Returning Officer for Lincoln for the June 7th election. He held this same position for the election in 1945.

Construction work has started on the second section of the new Whyte and Jarvis building. When this portion is finished it will be occupied by Whyte and Jarvis as a real estate and insurance office.

The Ontario Division of the Canadian Blind Council will hold their annual convention at The Village Inn on Friday and Saturday of next week. The usual banquet will be held Friday evening.

Premier Drew was nominated last Friday night as Progressive Conservative candidate in Toronto High Park riding in the Ontario election June 7. Since 1943 he had twice been elected in that riding.

Fifty building permits were issued during April, valued at \$271,410 with 16 dwellings at \$88,000. A considerable decrease is evident so far this year when \$465,765 was collected as compared with the same period last year when \$777,545 was taken in. Permits for the month of April, 1947, were valued at \$529,675, which also is an increase over this year's permits.
